

## Johnson Says Barry's Running Vs. Presidency

RENO, Nev. (AP) — President Johnson said today Barry Goldwater sees the government as such a terrible thing that he seems to be "running against the office of president, instead of for it."

Johnson took the slap at his Republican rival as the President swung into what promised to be a 20-hour day of campaigning in five Western states — Nevada, Montana, Wyoming, Colorado and Idaho.

Goldwater was not mentioned by name. But Johnson, in a speech in Reno, left no doubt about his target.

"One candidate," he said, "is roaming around the country saying what a terrible thing the government is. Sometimes I think he is running against the office of president, instead of for it."

"We here in the West," said Johnson, "know how the West was won. It wasn't won by a man on a horse who thought he could settle every argument with a quick draw and a shot from the hip."

**At Gambling Hotel**  
"We here in the West aren't about to turn in our sterling silver American heritage for a plastic credit card that reads: 'Shoot now, pay later.'"

And, Johnson said, the West wasn't settled "in saloon fights or by galloping vigilantes" but rather by sober and responsible men and women.

The President spent the night in Nevada, talking to local politicians and resting in the penthouse of the Sahara Hotel in Las Vegas.

Roulette wheels whirled and slot machines played their tinkling melody more than 20 stories below him. But he never saw these features of Las Vegas life since his route to and from his quarters was remote from the bustling casino.

The President flew to Nevada after a Sunday that saw him go to church — "The first day of the week belongs to God" — in Goldwater's hometown of Phoenix, Ariz. Later, he did some speechmaking, which wasn't

## Newspaper Strike Study Reports To Governor Today

DETROIT (AP) — On its 92nd day, the Detroit newspaper strike was headed back to Gov. George Romney's desk today.

Gov. Romney's citizens commission named to aid in securing a settlement was expected to make its formal report to the state's chief executive.

The three-man group, which has sat in on recent negotiations, was instructed to make recommendations that could help in leading to future peace if it was unable to secure an understanding in the negotiations.

The commission members—Prof. Russell A. Smith of the University of Michigan Law School, Wayne University President Clarence Hilberry and Episcopal Bishop Richard S. Emrichgave no advance hint as to its findings.

The Detroit News, an afternoon paper, and the Detroit Free Press, a morning paper, have not published since a strike began July 13. Local 13 of the Printing Pressmen and Local 10 of the affiliated Plate and Paper Handlers walked out. Terms of new contracts are in dispute.

## GOP And Demos Share Polish Parade Sunday

By The Associated Press

Democrats and Republicans shared the same political campaign stage Sunday in Michigan.

Mrs. Stephanie Miller, wife of GOP vice presidential candidate William E. Miller, marched a mile in the company of both Democrats and Republicans in leading Hamtramck's annual Pulaski Day parade.

In the course of her Hamtramck visit Mrs. Miller was politely declined an introduction of herself at a Polish wedding reception.

This happened Saturday night. The bridegroom, fending off a representative of Mrs. Miller who broached the idea, said politics was improper at the ceremony.

Among Mrs. Miller's parade companions was Democratic Sen. Philip A. Hart who also made a speech at another Polish-American affair in which he said GOP presidential candidate Barry Goldwater "has proven he wishes to lead a country he doesn't understand."

### Hart Raps Miller

Hart told the Polish Century Club that Goldwater had cast reflections on American minority groups in a Philadelphia speech last week.

He charged Mrs. Miller's husband, a New York congressman, with "distortions of the facts" in an attack by Miller on proposed liberalization of the U.S. immigration laws.

Hart said America's immigration quotas discriminate against people in Poland who wish to the United States.

Hamtramck, Detroit suburb, home of thousands of Polish-Americans, and traditionally Democratic in politics, applauded all the politicians in the Pulaski Day parade.

Pulaski Day, a big moment in Hamtramck, celebrates the memory of the American Revolutionary War hero, Gen. Casimir Pulaski, a Pole.

Mrs. Miller, accompanied by

## Barry Fights To Dramatize Charter Theme

PHOENIX, Ariz. (AP) — Sen. Barry Goldwater of Arizona heads into the final three weeks of campaigning still thwarted in efforts to dramatize the back-to-the-Constitution stand he calls the overriding issue in the presidential contest.

In wide-ranging attacks on President Johnson in his coast-to-coast journeys, the Republican presidential nominee has tried out a variety of approaches to the voters with results that do not seem to have satisfied him fully.

He has assailed the President for promoting coexistence with the Communists. He has argued with administration officials over the reliability, deliverability and control of nuclear weapons.

Goldwater has pictured himself as a champion of Social Security while condemning the Johnson proposal for tax-financed health care for the elderly. He has called for a five per cent annual reduction in income taxes, promising at the same time to balance the budget.

### "Reckless Spending"

He has charged the President with "reckless spending" and mocked Johnson as a man who carries a "shopping list" from which he invites voters to select their benefits.

Goldwater has called for a "return of morality" to the White House. He has sparked some of his loudest applause by jibing at Johnson's former association with Bobby Baker and asserting that "the shadow of scandal falls across the White House itself."

While he generally has avoided direct statements on civil rights, he told rallies in the prosperous suburbs of Philadelphia — where the so-called white backlash is presumed to exist — that minorities are running the government under Johnson. He has inveighed against crime in the streets.

These issues have been offered singly and in groups, with careful checks made of the reaction to each. Judging from the scattergun approach the GOP noisemaker is using, none has showed up as a sockknocker by itself.

### Back To Constitution

Goldwater keeps coming back to the constitutional issue of "what kind of a country are we going to have tomorrow?" He charges that Johnson has embraced socialism, which he described in Lubbock, Tex., as "not evil" although highly undesirable.

He told an opulent audience at the World Affairs Council in Los Angeles that the people don't want a paternalistic government such as he said Johnson is conducting.

The crowd gave him a big hand when he said he wants to "go back to the Constitution and the Declaration of Independence."

There is some rather widespread feeling among his advisers that if Goldwater had stuck closely to the conservative vs. liberal theme from the beginning, he might have made more headway in efforts to unify his own party and to chip away conservative Democrats from Johnson. A number of associates wish that such matters as the control of nuclear weapons hadn't been brought up at all.

### Tweaks Moustache

Reportedly at the instigation of a photographer, Mrs. Miller tweaked the moustache of 82-year-old Stanley Olejarczyk, retired tool maker who was a parade watcher. Olejarczyk grinned as Mrs. Miller smiled.

GOP campaign officials said Mrs. Miller's social schedule called for visits to three Polish wedding receptions.

The bridegroom at one, Henry Bzdziuch, 22, of Detroit, apologized if he hurt Mrs. Miller's "political feelings" but said he could not permit a campaign aide's proposal that she go on the stage at his wedding party.

Bzdziuch, who had been wed to Joyce Makowski, 23, of Detroit, said the aide "wanted to stop everything" to introduce Mrs. Miller.

"That is where I draw the line," Bzdziuch said, though declaring Mrs. Miller was welcome otherwise.

### Elly Marches

The Pulaski Day parade's political mixture included the presence of Republican Senatorial candidate Mrs. Elly Peterson—she marched beside Mrs. Miller—and former Democratic Gov. G. Mennen Williams and Democratic gubernatorial candidate Neil Staeble.

Gov. George Romney, Republican incumbent and candidate for reelection, stayed home in Bloomfield Hills in keeping with his policy of shunning politics on Sundays.

Sen. Hart also addressed dedication ceremonies at the \$2 million Civic Center in Southfield, provided for in part by an \$879,000 federal grant, and a group meeting at a so-called luxury apartment development (Lafayette Towers) in Detroit.

He told the former that fed-

# Reds Orbit Spaceship With Three Man Crew

## Rowdy British Election Stars Shout In Din

LONDON (AP) — Britain's rowdy national election campaign moved into its final phase today with subtle political arguments drowned in a rising tide of noise and disorder.

Prime Minister Sir Alec Douglas-Home, 61, the Conservative party leader, and Harold Wilson, 48, the Laborite chief, shouted themselves hoarse in an effort to be heard above the din.

Their lot and that of their colleagues was hard. In meeting after meeting, attendants have had to frog-march hecklers from halls and toss them out of doors.

Temper shorted with the approach of the voting Thursday.

About 28 million British men and women will elect a new 630-seat House of Commons and give either the Conservative or the Labor party a mandate to govern this country for the next five years.

Bookmakers decided today that the likeliest outcome of the election is a Labor party victory with a majority of 31 to 50 seats in the 630-seat House of Commons. In the old Parliament the Conservatives ruled with a majority of 90.

If the Conservatives win, Douglas-Home will remain prime minister. Wilson will replace him at No. 10 Downing St. if the Labor party wins.

Both men are leading their parties in a national campaign for the first time. Douglas-Home is trying to give the Conservatives their fourth straight triumph. Wilson hopes to end the Laborites' 13 years in the wilderness.

The campaign began sedately enough following the end of the old Parliament Sept. 25. Wilson argued: "It's time for a change to get Britain moving." Douglas-Home countered: "Protect your prosperity by keeping the Conservatives in power."

Now the two leaders, living on their nerves, deplore the degeneration of this campaign into what some experts regard as Britain's most disorderly political contest of this century.

"It would be a national tragedy,"

Please Turn To Page 12, Col. 5

## Barry Gains In Presidential Poll

NEW YORK (AP)—The latest poll by Louis Harris says Republican presidential candidate Barry Goldwater picked up small support since a similar survey made in mid-September. The poll results reported yesterday night showed 58 per cent of the voters polled favored President Johnson and 34 per cent supported Goldwater.

Eight per cent of those polled still had not made a choice, the poll showed.

The results showed a 2 per cent boost in favor of Goldwater over the mid-September poll.

# Private Rites For Eddie Cantor

HOLLYWOOD (AP) — Eddie Cantor will be buried as he spent most of the last 11 years of his life — apart from the public that made him a top star during a golden era of American entertainment.

Groman Mortuary announced today that funeral services for the 72-year-old comedian, who died of a heart attack Saturday night, will be private.

Cantor was the last of a trio of great comedy figures to pass from the Hollywood scene in recent weeks. Gracie Allen of the Burns and Allen team died Aug. 27, and Harpo Marx of the Marx Brothers succumbed two weeks ago.

Cantor died at his Beverly Hills home. Two of his daughters, Mrs. Natalie Metzger and Mrs. Edna McHugh, were at his bedside. Two other daughters, Marilyn Cantor and Mrs. Janet Galt, live in New York. A fifth daughter, Marjorie, who had been the comedian's secretary, died of cancer May 17, 1959.

Cantor was born Edward Iskowitz in New York City Jan.

31, 1892. He came out of the slums with a vitality that soon captured audiences wherever he performed. A small man, he possessed enormous energy.

"If you knew Suzy," he chanted to the audience, tapping his palms together.

"We're making whoopee," he sang, with a roll of his immense banjo-eyes that were expressive without being offensive.

"I'd love to spend this hour with you," he sang to radio audiences across the nation.

Two generations became acquainted with the high-pitched voice, the crisp gag line.

With his death, Cantor's great efforts for human causes were remembered. He raised staggering amounts for war bonds during the first and second World Wars, the Heart Fund, Bonds for Israel and other causes.

Cantor's career spanned the years from amateur night in the Bowery to burlesque to vaudeville to the Ziegfeld Follies to movies, radio and television.

In 1953, when Cantor was establishing himself in the new medium of television, he suffered a heart attack. That brought an end to his career as an active performer.

In 1962, his wife, Ida, died of a heart ailment.

QUEEN ELIZABETH adjusts a white mink stole blown away by the wind on arrival at Chateau Frontenac, Quebec for a state dinner in her visit to Canada. The gown is cinnamon colored silk and the tiara is of diamonds and pearls. (AP Wirephoto)

## Court To Judge Curb On Travel

WASHINGTON (AP) — The Supreme Court agreed today to review a decision that the secretary of state may prohibit travel of U.S. citizens to Cuba.

The decision was given by a three-judge U.S. district court in New Haven, Conn., in a case filed by Louis Zemel. His counsel appealed directly to the Supreme Court, contending the case raised substantial questions as to the secretary's authority to restrict foreign travel of citizens "in peacetime, and the constitutionality of such action."

Zemel, a U.S. citizen, in 1962 held a passport which he requested the passport office in Washington to validate for travel to Cuba as a tourist. His request was denied with the explanation that only persons whose travel might be in the best interests of the United States, such as newsmen and businessmen with previously established interests, were eligible.

Zemel later filed his complaint in federal court in New Haven. He said he wished to satisfy his curiosity about the state of affairs in Cuba so as to make him a better-informed citizen.

The Supreme Court agreed today to review a decision that Virginia's certificate-of-residence plan for voting in federal elections violates the federal Constitution.

The decision was given by a special three-judge federal court in Richmond. It was appealed to the highest tribunal by

## World's First Space Vehicle With Crewmen

MOSCOW (AP) — The Soviet Union rocketed a space ship into orbit today carrying a pilot, a scientist and a doctor — the world's first space vehicle to carry more than one person. An official announcement said it was sent aloft by a powerful kind of rocket.

As the space ship circled the earth every 90 minutes, the pilot messaged that all instruments were working well, the physician examined his colleagues and they had lunch. The space ship is named Voshkod—Sunrise.

Aboard were Col. Vladimir Komarov, the pilot; Konstantin Feoktistov, scientist; and Dr. Boris Yegorov, physician.

The booster rocket sent the space ship into an orbit that ranged from 255 miles to 110 miles above the earth, an official announcement said. Some scientists abroad considered this historic first one more big step in the Soviet race with the United States to the moon.

### U. S. Effort In '65

The United States plans to launch its first two-man vehicle some time early next year.

There was no indication how long the space craft — its size and weight not given — would remain aloft. But the official Tass news agency said this first manned orbit by the Soviet Union since the summer of 1963 was designed to test the effects of weightlessness and other stresses on man on a long flight. This was a hint the craft might break the old record of almost five days.

In the last flight, in June 1963, Lt. Col. Valery F. Bykovskiy stayed aloft 54 minutes short of five days and later suffered from various ailments from the long period of weightlessness.

A taped television broadcast from the space ship today showed the occupants smiling. The film was dim and it was impossible to tell the size of the space cabin. All three men wore helmets.

Komarov is 37, married and the father of two children. Feoktistov is 38, also married and has a small son. The doctor at 27 is the youngest member of the crew. He too is married and has a son.

### Seventh Red Satellite

The announcement 75 minutes after the launching was heralded on Moscow radio and television by chimes that mean something important is coming.

The three-man satellite is the seventh manned Soviet space flight in 3½ years. It carries cosmonauts seven, eight and nine.

The United States has put four astronauts into orbit. The longest flight was on May 15, 1963, when Air Force Maj. Gordon Cooper made 22 orbits.

The Soviet Union's longest manned space flight was 81 orbits in five days of June 1963. Tass said Voshkod's orbit reached a maximum height of about 255 miles and a minimum height of about 110 miles.

Announcing completion of Voshkod's first loop around the earth, Tass said the crew radioed to the earth: "Feeling fine, the assignment will be carried out."

Yegorov gave the cosmonauts a general medical examination and the crew had lunch, Tass said.

Watchers on television saw Feoktistov and Komarov behind him in the space cabin. Feoktistov was talking to the earth. Komarov reported conditions in the space ship.

The television transmission lasted about six minutes and was relayed to European stations.

Jubilant crowds gathered in Red Square after the launching was announced. They playfully seized several men in military uniform and tossed them into the air.

## Today's Chuckle

Our ancestors had to haul the wash water from the well, but they didn't have to sit up nights figuring out how to meet the payments on the bucket.

# Hopes For GM Settlement In Week Vanishing

DETROIT (AP) — Hopes for an end this week to the United Auto Workers' strike against General Motors Corp. all but vanished over the weekend as a spurt in new at-the-plant working agreements died off.

Only two local-level agreements, which supplement the national contract, were reached Saturday night and Sunday, leaving 92 still to go out of 130.

This came in the wake of a Friday-Saturday spurt, which lifted local-level agreements to 36, and a forecast by UAW President Walter P. Reuther of a thaw in an at-the-plant freeze over the weekend.

GM and the UAW reached settlement on a national contract last Monday. It carried widespread gains for UAW-represented production workers, including higher pensions, earlier retirement, longer vacations, more holidays and higher wages over the next three years.

**No Back-To-Work**

Eleven days earlier the union had called a nationwide strike against GM in support of its national contract demands, most of which it won.

In passing a Sept. 25 walkout deadline nationally, the UAW gave local unions an o.k. to strike on their own until at-the-plant working agreements were wrapped up.

Now no back-to-work order is anticipated until the bulk of local-level disputes are settled. These include such items as ventilation, with workers at some plants complaining its too cold, others that its too hot; relaxation in smoking rules; more drinking fountains, company-provision of coveralls and the like.

The walkout has idled almost 300,000 of GM's 350,000 production workers, with 32,000 laid off in the United States and Canada since the start of the strike, now in its third week.

**Ford, Chrysler Run**

The UAW did not call out members working in GM plants which sell parts to competing Chrysler Corp. and Ford Motor Co. Ford and Chrysler reached national contract agreements ahead of GM without a strike and since have wrapped up most at-the-plant agreements.

Thus GM's top competitors have been continuing to pour out 1965 models while GM's auto assembly lines have been shut down tight.

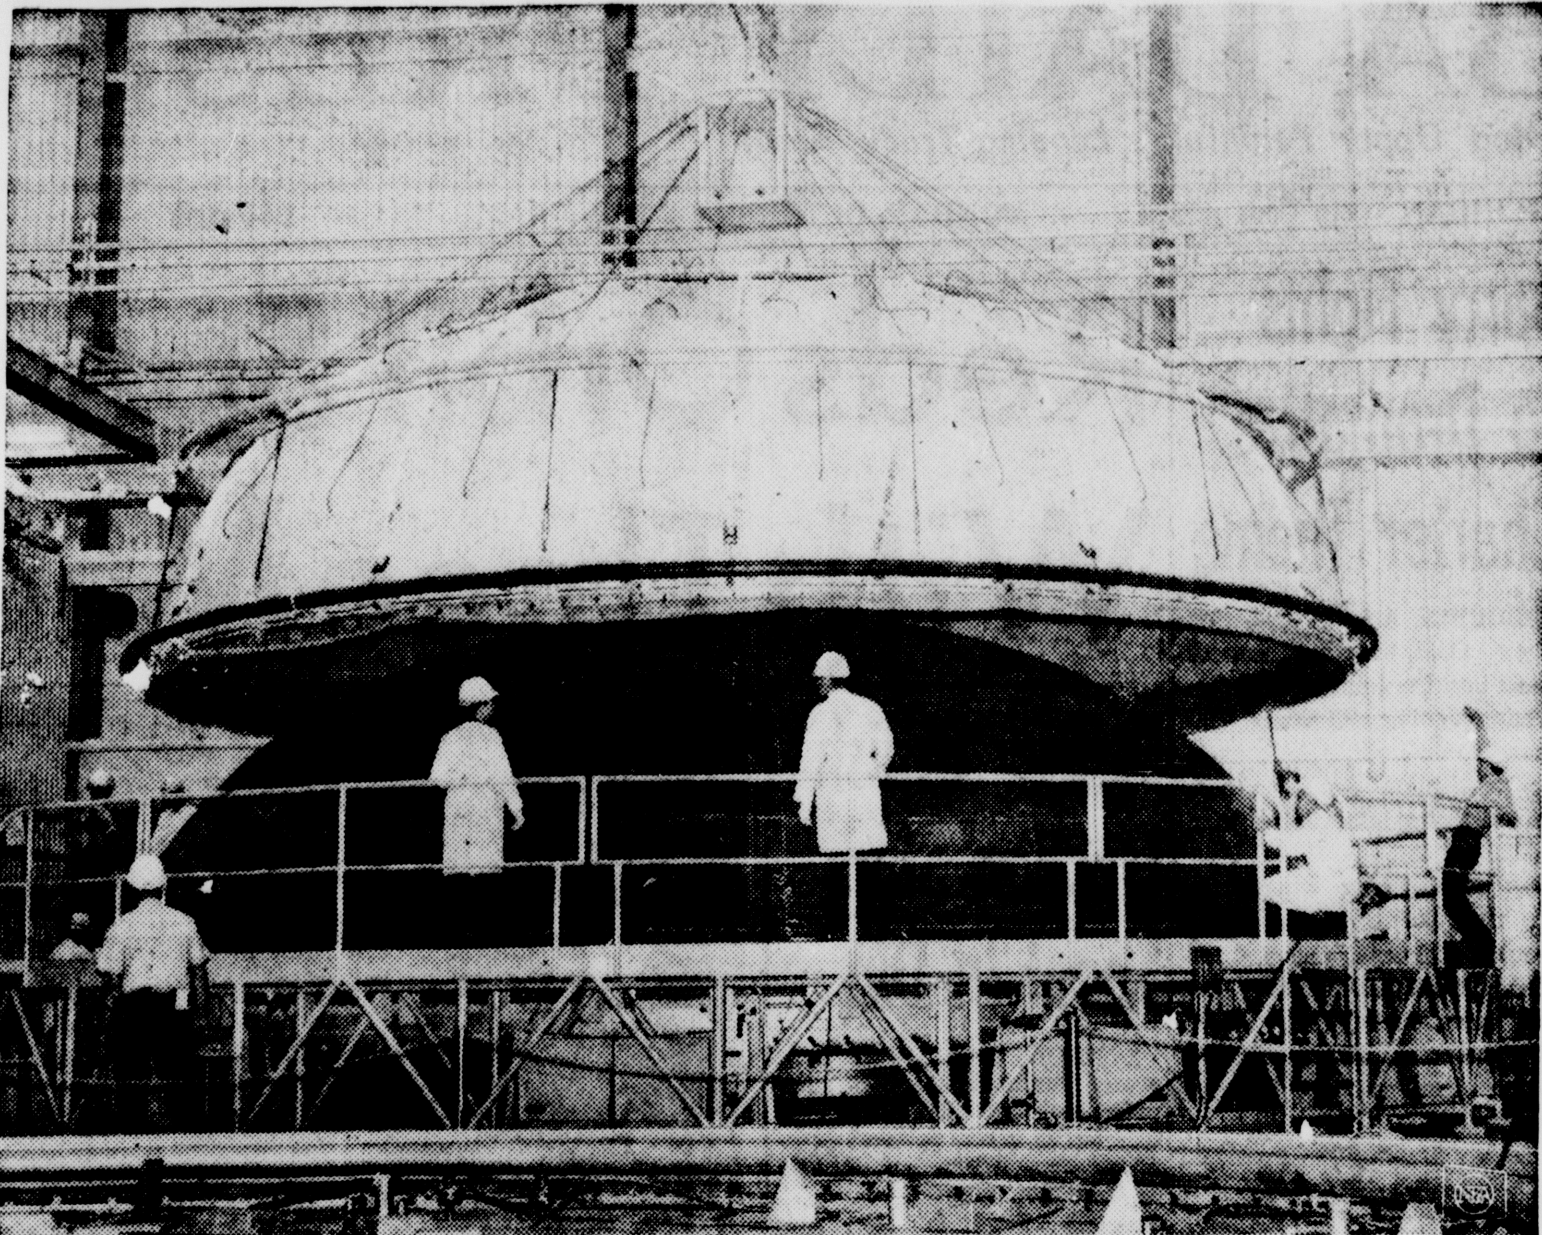

As its own parts warehouses began to overflow, GM started laying off in plants the UAW left in operations. Originally the strike took out an estimated 260,000.

Louis G. Seaton, GM's vice president in charge of personnel, was on hand at the company's headquarters here over the weekend as both company and union kept a battery of officials available by telephone to advise local-level bargainers Reuther, who had predicted a weekend thaw, was not there.

## Rapid River

### Royal Neighbors

Royal Neighbors of Rapid River will meet Tuesday, Oct. 13, at 8 p.m. at the home of Mrs. Amanda Gregg in Treenary.

**SPACE SANDWICH**—The forward bulkhead of Saturn S-II, the hydrogen-powered booster rocket, is lowered onto its aft bulkhead for precise fitting check. The Saturn is the rocket that scientists expect to use in the attempt to blast three men to the moon. Two portions of the bulkhead will be bonded together in Seal Beach, Calif., by North American Aviation.

## F. A. Breault, 73, Called By Death

Frank A. Breault Sr., 73, of 609 S. 9th St., died at St. Francis Hospital at 4:30 a.m. today. He had been in ill health for one week.

Mr. Breault was born in Garden on Feb. 8, 1891 and had resided in Escanaba for the past 50 years. He was a member of St. Joseph's Church and retired seven years ago as branch manager of the Holland Furnace Co.

Survivors include: his wife, the former Mary Ann Coyne; two sons, Francis Jr. and Donald of Escanaba; two daughters, Mrs. Leona Walker, Chicago and Mrs. Marie Coplan, Escanaba; five step daughters, Mrs. Bud (Helen) Harwood, Menominee, Mrs. Robert (Frances) Bolm, Mankato, Minn., Mrs. Ray (Maryann) Olson, Drayton Plains, Mich.; Mrs. James (Judy) Nyquist, Lansing and Mrs. Don (Joan) Ashland, Cincinnati, Ohio; three sisters, Mrs. Gordon (Leora) Floch, Largo, Fla., Mrs. Herb (Ida) Shag, Detroit and Mrs. Lilly Roberts, Detroit; one brother, Henry of Escanaba; 12 grandchildren and 5 great grandchildren.

Friends may call at the Alto Funeral Home from 3 to 9:30 p.m. Tuesday. Parish prayers will be said at 8 p.m. that day. Funeral services will be conducted at 9 a.m. Wednesday with Rev. Jordan Telles O.F.M. officiating. Burial will be in Holy Cross Cemetery.

The world's tallest living tree, a California coast redwood, towers 367.8 feet high and measures 44 feet in girth.

## Help The Blood Bank Help You!

All of us in Delta County can help the Badger Blood Bank help us with its program of free blood, said an Escanaba woman who has been the beneficiary of the Blood Bank — and its helper also.

She is Mrs. Clyde Moersch of 323 S. 10th St., who with her

family is "grateful and appreciative" for what the Blood Bank has done for them.

She was in University Hospital at Ann Arbor in June for the second round of back surgery and had to have 10 pints of blood. This was supplied free (except for the hospital's cost of administration) and saved the Moersch family about \$500.

"That was the second back operation I had and I needed blood for both," said Mrs. Moersch. "The first was two years ago. I'm still in a body cast. But I wanted to tell everyone how important it is to help the Blood Bank so that it can help you or someone in your family when there is an emergency."

The Moersch family are grateful and they show it. Mrs. Moersch has given "more than two gallons of blood herself." Mr. Moersch is a blood donor also; and daughter Bonnie Jean not only is a donor but helps out at the blood procurement clinics.

The bloodmobile unit will be at the First Presbyterian Church in Escanaba Tuesday from 2:30 to 7:30 p.m. and on Wednesday from 10 a.m. to 3 p.m.

The quota is 135 pints of blood each day. Only about 30 donors have signed up for each day. Persons are invited to walk in anytime — and to give to help the Blood Bank help us.

## Briefly Told

The I. O. O. F. Smear Club will meet at 7:30 p.m. Tuesday at the clubroom.

Marilyn Palzewicz of Gladstone Rte. 1 reported to Escanaba police that her car struck a buck deer when it dashed into Highway M 35 near Holy Cross Cemetery at 2:26 a.m. Sunday.

Marriage license application has been made at the office of the Delta County Clerk by John A. Curran of 301 N. 12th St., and Elizabeth Ann Royer, 524 Wisconsin Ave., Gladstone.

The Escanaba Area School Board meeting will be held Tuesday at 8 p.m. in the high school auditorium instead of tonight as reported Saturday in the Daily Press.

John Sviland, 11, of 310 2nd Ave. S., was bitten on the leg by a dog Sunday, and police ordered the dog owner, Robert Krohmer, 208 S. 4th St., to confine the animal for 10 days for rabies observation.

The Crusade committee of the First Methodist Church will meet Tuesday, Oct. 13, at 7 p.m. in the church parlors. The building committee will meet at 8 p.m. the same evening. Meeting with the building committee will be the Rev. James Balfour, Marquette District superintendent and the Rev. Jesse DeWitt, executive secretary of the Detroit Conference Board of Missions and Church Extension.

Skinny's Bar at 1837 3rd Ave. N. was damaged by fire Saturday night, according to Escanaba firemen who were summoned to extinguish the blaze. Cause of the fire was not determined. Damage was extensive to the front bar area. Firemen also were called at 11 a.m. Saturday to extinguish a fire that damaged a car owned by Beatrice Hermans, 1415 Lake Shore Drive.

## Australian To Lecture Here

John Birman, deputy director of Adult Education for the State of Western Australia, will lecture to the students of Bay de Noc Community College on Tuesday afternoon, after speaking to the Rotary Club at the House of Ludington at noon.

Presently a visiting lecturer with the University of Michigan, Birman is from the University of Western Australia at Perth. His topic in his appearances here will be "How the United States Appears to Australia."

A director of the community arts services of the University of Western Australia, Birman is a graduate of the University of Warsaw, and of the University of Western Australia. He served with the Australian Army in World War II and then became a research officer with the Australian Army Educational Service.

At present he is on leave from the University of Western Australia and earlier this year was consultant to the University of California at Los Angeles, later taught at Queens University in Kingston, Canada, before going to the University of Michigan.

His appearance in the Upper Peninsula is arranged by Charles Folio, U. of M. extension director.

## Car Destroyed By Fire Sunday, Sheriff Reports

A car driven by James L. Hermans, 21, of 1415 Lake Shore Drive, was completely destroyed by fire Sunday at 11:30 a.m. according to Delta County Sheriff's officers, who investigated.

Hermans was traveling south on County Road 525 in Flat Rock when he applied the brakes they stuck and the left rear tire blew out and the wheel caught fire. The gas tank exploded from the flames and the blaze destroyed the car. The vehicle was owned by Hermans' parents.

## Shoppers Town To Expand Chain

John Dailey and Gordon Bean, co-owners of Shoppers Town, Inc., Saturday announced plans for expansion of the discount chain to Marquette.

The Marquette store, fourth in a group which already includes Escanaba, Sault Ste. Marie and Gwinn, is expected to be opened before Christmas. It will be located at 1310 Front St.

## Tech Asks Boost Of \$2.2 Million

HOUGHTON — Michigan Technological University will seek an operating budget of \$7,265,758 for the fiscal year beginning July 1, 1965. The University's Board of Control approved the request to the Governor and the Legislature in a meeting Friday. The request represents an increase of \$2,263,921 over the current operating budget. The proposal includes \$6,506,148 for the main campus at Houghton and \$759,610 for the Sault Ste. Marie Branch.

# Episcopal Role Called Action

By GEORGE W. CORNELL  
AP Religion Writer

ST. LOUIS (AP)—The Episcopal Church, which regards itself a "bridge" between Protestantism and Catholicism, went into policy-making sessions today after hearing a plea to act—and not just talk—in behalf of Christian unity.

The church's presiding bishop, the Rt. Rev. Arthur Lichtenberger, also urged Christians to translate their principles into deeds on contemporary issues of social justice.

But there were dissenting voices concerning both matters. There also were signs of change as the 3.5-million-member denomination's triennial general convention began work in an era of mounting and unprecedented fraternity among different churches.

For the first time, three Ro-

man Catholic priests are attending the two-week meeting as observers. So are several Eastern Orthodox churchmen. An "Ecumenical Day" has been scheduled later this week in which Episcopal representatives will meet at various seminars for discussions with Catholic, Lutheran and other church theologians.

Proposals before the convention call for continued reunion discussions with various Protestant bodies, and also invite "formal and informal" talks with Roman Catholic representatives.

The Episcopal Church is a branch of the world-wide Anglican communion of 44 million Christians. The convention is the church's top governing congress.

At the opening service Sunday night, Bishop Lichtenberger said Episcopalians "over and over again for many years" have declared their belief in Church unity, but don't do enough about it.

Many people, he said, shy away from taking "any action that would require any change in our Episcopal ways."

The bishop, preparing to step down from his office this week because he is suffering from Parkinson's disease, reported a wave of letters protesting the church's activity in social problems.

He said the Church exists for more than just worship in the sanctuary, adding: "We cannot keep our Christian convictions in one pocket and our thoughts and actions about business and politics and the social order and justice in another pocket quite apart."

## Sawyer Base To Be Closed For Emergency Drill

SAWYER AFB — A 12-hour practice wartime mission exercise under simulated enemy nuclear attack conditions will be conducted here Monday, Oct. 19.

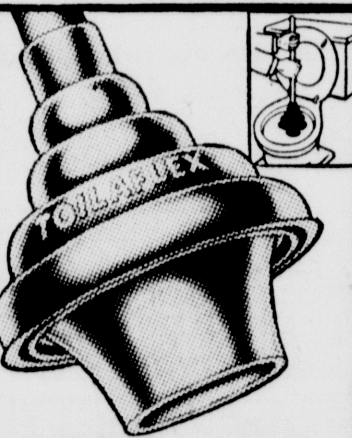

Civilian personnel who have a contract for work at the base, or who have to make deliveries of perishable goods, etc., will be permitted on the base. However, all vendors have been asked to delay delivery one day if at all possible.

The base will be closed to the general public except for emergency use. The main gate will be the only entrance to the base.

During the exercise, the base commissary, sales store, exchange, service station, library, service clubs and cleaner will be closed, but the commissary warehouse will be open.

Dependents of military personnel residing off-base and civilians with base privileges will not be permitted entry during the exercise except for emergency reasons.

## POWERFUL PLUNGER CLEARS CLOGGED TOILETS in a jiffy!

NEVER AGAIN that sick feeling when your toilet overflows  
**TOILEAFLEX® Toilet Plunger**

Unlike ordinary plungers, Toileaflex does not permit compressed air or messy water to splash back or escape. With Toileaflex the full pressure plows through the clogging mass and sweeps it down. Can't miss!

## Mrs. Harris Is Taken By Death

Mrs. Catherine Harris, 87, who made her home here with her son, John R. (Jack) Harris, 1230 Lake Shore Drive, died Sunday at 3:40 a.m. at St. Francis Hospital where she had been a patient since Sept. 16. She was born March 4, 1877, in Marinette, and lived on Harris and Escanaba, and later in Milwaukee where her marriage to John R. Harris Sr., widely known insurance representative, took place.

Mr. Harris died in October of 1944 in Milwaukee, and Mrs. Harris returned to Escanaba to live in 1950. She was a member of St. Patrick's Church.

Surviving are two daughters, Mrs. Catherine Toland of Madison, Wis., and Mrs. Lucille Kidney, Washington, D. C., two sons, Gregory E., Milwaukee, and John R., Escanaba, two brothers, Felix Fitzpatrick of Marinette, and Edward, Milwaukee, eight grandchildren and 13 great grandchildren.

Friends may call at the Boyce Funeral Home from 3 to 9:30 p.m. today and parish prayers will be recited there at 8 p.m. Services will be held Tuesday at 9 a.m. at St. Patrick's Church in Escanaba. Burial will be in Holy Cross Cemetery in Milwaukee.

## Feeder Calves Under '63 Prices

GAYLORD — Northern Michigan and Upper Peninsula feeder cattle sales prices continue to run 10 to 15 per cent under a year ago.

Graydon Blank, Michigan State University animal husbandryman, reports prices at cooperative sales at Gaylord, Bruce's Crossing and Escanaba averaged about \$23.50 per hundredweight.

At Gaylord Friday, bidding was spirited and 1,401 steer calves averaging 415 pounds sold at an average of \$25.72 per hundredweight. The 1,230 heifer calves averaged 391 pounds and brought an average price of \$21.79 a hundred pounds.

## Home Workshop

FOR WORK OR PLAY this big table is easy to store and may be set up quickly for a banquet or for cutting out dresses. The children will like it for games. Dad will use the folding base sections for saw horses. Pattern 372, illustrated steps and material list, is 35c. It also is in Packet No. 16 with three other full-size patterns—all for \$1.

WINNING FLOAT of the Escanaba Area High School homecoming parade on Saturday was this one on the theme "We'll Stomp 'em Out," made by the students of Senior Home Rooms A 400 and A 404. The Eskymos "stomped out" the Soo Blue Devils 46 to 14. (Daily Press Photo)

## Butryn Wins Study Award

Gary Butryn of Escanaba Rte. 1, a freshman at Western Michigan University, Kalamazoo, has been awarded a scholarship grant for the 1964 fall semester. It is announced by Ronald G. MacDonald, executive secretary of the Paper Technology Foundation, Inc.

Butryn graduated this year from Escanaba Area High

School, and is one of 61 students taking the paper technology course at Western to receive scholarships.

The total of scholarship awards of the Paper Technology Foundation and the associated Louis Calder Foundation Scholarship Fund amounts to \$36,000 for the current school year.

The general pattern of the awards is \$500 per year for freshmen and sophomores, \$625 for juniors and \$750 for senior students who are residents of Michigan. For out-of-state students an additional grant of \$250 per year is made.

Michigan students accepted by the WMU Paper Technology Department who maintain a satisfactory academic record will normally receive \$2,375 in scholarship funds during the four years of study at Western Michigan University. Out-of-state students will receive \$3,375 over the four years.

In 1905, a mine superintendent in South Africa noticed a glimmer in the wall of a mine and, after a few moments of digging, picked out a one-pound six-ounce giant, the Cullinan. The gem is set in the British Royal Scepter.

## Railroads Using 'Crying Towel' Says Union Chief

"A bold, progressive approach to the problems of our industry" was urged upon railroad management by President George H. Harris of the Order of Railway Conductors & Brakemen at conferences with union officers and members in this area.

The chief executive of the ORCB second oldest railway labor union in the nation, asserted that the "crying towel" should never have been used by the railroads to achieve their ends. With the nation and its industries expanding, it certainly should be part of a bygone era. The nation, and other industries, cannot exist without railroads. The railroad industry is the lifeline of industry and the nation.

"In a nation that is brimful of confidence under a dynamic leadership, we should look forward to the future with confidence. Optimism has always been the key to success."

Harris said that "for this reason, we have opposed pending mergers in the railroad industry. Mergers tend to contract, rather than expand, service to the public. On the same grounds, we have opposed abandonments of railroad properties."

The union president said that in recent months, "we in railroad labor have been pleased to note that there is growing optimism in railroad management. At the same time, there is still substantial pessimism in railroad management circles, and there should not be."

## Awards Won By Guardsmen

Seven guardsmen of Co. E, only bridge unit in the 46th Infantry Division, were honored with a number of awards presented by Capt. George Anderson, unit commander, at a recent ceremony at the Gladstone Armory.

Capt. Anderson was also the recipient of an award for 20 years of continuous service. This presentation to Capt. Anderson was made by Lt. Larry Suboski, the unit's training officer.

The State of Michigan award, a broadsword medal for more than six years of service was awarded to Lt. Suboski and Sgt. Gary Soderman. Gold stars for attachment to their present state medals were awarded to Sgt. Charles Oslund, Rte. 1, Gladstone, for over 15 years, and to Sgts. William Bucholtz, Kenneth West and Lawrence St. Ours, all of Escanaba, for over nine years of service.

Co. E will hold a command inspection at Tuesday's assembly with Col. Austin Lindberg and members of his staff from headquarters, Ishpeming, in attendance. The first hour will be inspection in ranks, with weapons. The second hour will consist of class work with Sgt. Fern Dahlgren of Gladstone instructing on engineers in a combat role.

Newspaper want ads are a big sell! Eight hundred million was spent on classified ads last year . . . more than for all television spot announcements or radio advertising.

## Commandery To Hold Inspection Here On Tuesday

Eminent Commander Harland Lippold of Escanaba Commandery of the Knights Templar No. 47, announced that Tuesday, Oct. 13, has been designated as the annual Inspection Day.

The function will begin with a dinner at the Masonic Temple at 6:30 followed by the installation of candidates and the annual inspection.

Eminent Grand Capt. General F. G. Kirby, together with a number of Grand Commandery officers and their ladies, will attend. All Knights Templars and ladies are expected to attend and assist in the annual event.

## Obituary

JAMES E. SMITH

Funeral services for James Edward Smith, retired Escanaba City Fire Department captain, will be held Tuesday at 9 a.m. in the chapel of the Alto Funeral Home. Father Arnold Thompson of St. Thomas the Apostle Church will officiate. Burial will be in Holy Cross Cemetery. Veterans will meet at the funeral home at 8:30 a.m. to conduct military rites.

Friends may call at the funeral home from 4 to 9:30 p.m. today.

## Helps You Overcome FALSE TEETH Looseness and Worry

No longer be annoyed or feel ill-at-ease because of loose, wobbly false teeth. FASTEETH, an improved alkaline (non-acid) powder, sprinkled on your plates holds them firmer so they feel more comfortable. Avoid embarrassment caused by loose plates. Get FASTEETH at any drug counter.

# Join the thousands switching to Wards!

**WARDS...for sensible prices year 'round**  
When you shop Wards you pay everyday low prices that are competitive anywhere at any time. We buy right, pass the savings on to you!

**WARDS...for one-stop family shopping**  
Over 130,000 items for you, your family, the home and car. Shop over the counters, page through the catalog. You'll be delighted with the selection that's here for you!

**WARDS...for higher quality standards**  
Exact specifications and thorough testing in Ward's laboratories assure you of outstanding merchandise. 92 years of experience go behind every item Wards sells.

**WARDS...for friendly assistance**  
Courteous salespeople are here to serve you in selecting merchandise that will benefit you and your family most, and to make your way of living better in every way.

**WARDS...for expert service**  
Whether you live in the heart of town or out in the country — just call us and a Ward-trained service expert will come out to your home to service your Ward appliance.

## ASK ABOUT...

**WARDS free home trial plan**  
Many major appliances, stereo and TV are available on a free home trial basis. It costs you nothing.

**WARDS free estimate service**  
Need a new fence, furnace, roofing, most any home improvement? Big or small, Wards can handle the job.

## NO MONEY DOWN

... pay later on Wards "Charg-all" credit plan ... use it as a 30-day account or take up to 2 years to pay ... up to 3 years on major appliances, home furnishings ... up to 7 years on home improvements.

Wards is growing faster than ever, now serving and satisfying a growing America with over 1100 retail and catalog stores. See why thousands of families are switching ... come right on in, enjoy the friendly atmosphere, the warm greeting in store for you. Treat the family, too ... they'll love the one-stop, quick in-out shopping trip through Wards—everything they'll ever need is right here. And you will find those down-to-earth prices so extra easy on the budget! Visit Wards—it's the friendly place to shop, where quality doesn't cost a penny more!

## Newspapers' Role

The daily newspapers of America observe this week as Newspaper Week, Oct. 11-17.

It may seem rather pointless for newspapers to try to explain themselves to the reading public on this occasion, because readers will naturally feel that they are familiar with newspapers.

But this relationship is only that of kissin' cousins, as so many inquiries to newspapers reveal. Most everyone knows what comes "out" of newspapers, but not so many persons are familiar with what goes into them.

The methods of news gathering by radio stations and TV stations and those of newspapers, are, for instance, greatly dissimilar. Newspapers cover and report on many activities which are never heard about on the electronic media.

It is impossible for Americans to be well informed today with reliance solely upon the electronic media, but with the great outpouring of their news it must be a temptation to many persons to try it. This would leave large holes, however, in the information which every citizen should have actively to participate in the governments of his community, state and nation.

Report and analysis of local government taxation for instance, are never heard in any depth on the electronic media and yet this information is basic to the quality of local government. Unless there is a sizeable body of citizens informed on these matters, the quality of local government will inevitably suffer. And it is upon local government that the state and federal structures of government are built.

The newspapers are the only media whose freedom of expression is guaranteed by the U.S. Constitution. Radio and TV stations are licensed by the federal government and under its control. They would never in 60 Sundays say the things which newspapers would feel free to say about government regulation.

This is a distinction and quality probably as important as any which might be suggested to the public in Newspaper Week.

The role of the newspaper in American communications is changing. Once dominant and almost sole in news dissemination, it is now a major part of a complex. Never very speedy in news circulation because of the time-consuming demands of printing and of circulation of journals, newspapers appear slower than ever in comparison with the lightning fast transmission of radio and TV news, and they tend increasingly to become journals of interpretation and comment as well as of news.

They are uniquely qualified for this role because of their freedom and because the printed word and picture offer maximum selectivity. The choice is very limited with electronic media, but the newspaper reader need turn only from one column to the next for variety of interest and can make his own choice of time. This quality makes newspaper advertising—especially that with any complexity of text or prices—unparalleled in effectiveness for many uses.

It is a paradox that newspapers are more needed in America today than when they were the only news medium. The complexities of modern living require much greater citizen knowledge than formerly and newspapers are indispensable to this process.

The newspapers themselves are changing under the demands of the transition. Better staffed than they have ever been before, they improve yearly and support training programs and educational efforts which aim to provide even better journalism in the future.

The Escanaba Daily Press editorial and reportorial staff includes members with many specialized skills and with a common devotion to the reporting and interpretation of news of the Upper Peninsula. Jean Worth is editor, Clinton Dunathan, managing editor; Lester A. Danielson, news editor; David Andrews, city editor; Ray Crandall, sports editor; Mrs. Amy Moberg, women's editor; Victor Powers, head proof reader and librarian; Bernard Schultz, photographer-engraver; Mrs. Peggy Bryson, feature writer.

Mrs. Margaret Adams heads the Press Bureau at Gladstone and Miss Rose LaChapelle that at Manistique, assisted by Mrs. Violet Freeland.

Daily Press correspondents in its large circulating area include:

Mrs. I. R. Nelson, Bark River.  
Mrs. Alfred Dahl Jr., Cornell.  
Mrs. Alfred LaVallee, Garden.  
Mrs. Jennie Crawn, Germfask and Curtis.  
Frank Rodman, Hermansville.  
Mrs. Ruth Sundin, Isabella.  
Mrs. Muriel Crawford, McMillan.  
Mrs. Gene Hartman, Nahma.  
Mrs. Don Depuydt, Perkins.  
Mrs. David Draz, Spalding.  
Mrs. Thomas Safford, Rapid River, Ensign, Stonington.  
Mrs. Albert Weldum, Rock.  
Mrs. Louis Tousignant, Schaffer.  
Mrs. Charles Smith, Seney.  
Mrs. William Bucholtz, Trenary.

## So They Say

"I am convinced under normal conditions we would have done better."  
—Dr. Grigory Vorobyev, attributing the Soviet track loss to the United States to Los Angeles smog.

The United States has a rare opportunity to draw migrants of high intelligence and ability from abroad. And immigration... can be one of our greatest natural resources.

—Secretary of State Dean Rusk, urging Congress to change immigration laws.

Colombia is where they have a school to teach the pickpocket business. Apparently this young man flunked the course.  
—Judge Herman Weintraub of New York City, after sentencing a Colombian for picking the pocket of a former New York State Supreme Court justice.

The German people will have to shoulder the burden of the Second World War for generations still to come. It is not enough to master the past; we must also shape the

present and future, see to it that a consciously envisaged future evolves from our experienced present.  
—German Chancellor Ludwig Erhard.

The American record, from the Marshall Plan through the Berlin Blockade and the Korean War down to Cuba, is written in the indelible ink of courage.  
—Britain's Desmond Donnelly, Member of Parliament.

The coming weeks will decide the destiny of our entire people. We will not accept becoming a minor province of Red China.  
—President Nguyen Khanh of South Viet Nam.

Until I was 30, I wanted to save the world. Between the ages of 30 and 60, I wanted to save the country. But since I was 60, I've wanted to save the dunes.  
—Sen. Paul Douglas, 72, D-Ill.

Barry Goldwater is offering a new instrument of foreign policy—the free swinging meat ax.  
—Sen. Hubert Humphrey, Democratic vice presidential nominee.

## READING OVER YOUR SHOULDER

Newspapers Make a Big Difference in People's Lives

## Washington Comment

By RAY CROMLEY

WASHINGTON — (NEA) — A rough preliminary analysis of Lee Harvey Oswald's life by government experts has turned up some clues on what kind of men may attempt to assassinate a president.

The aim is to spot these men so presidents can be protected from them.

It may, however, take 15 to 20 years or more of detailed research to check out these hypotheses and outline the characteristics of possible presidential assassins with some reasonable measure of confidence.

There is some indication that a major present system, which relies heavily on investigating those who write crank letters threatening the president, may be the wrong approach. Some suspect that people who write crank or threatening letters to the president are not likely to carry out their threats. They probably "get it out of their systems" by writing a letter.

What then are the possible clues?

The potential assassin, these experts say, is a tormented man with what some psychiatrists call "unusual" or "strange" ideas. But most talk or write, never do anything to carry out their beliefs. The potentially dangerous men fall in the "action" group. But what are the "actions" of a potential assassin (other than killing) which are a "tip off" to future violence?

Take Oswald as an example. He felt persecuted and took

up Marxist communism. But he didn't just read and talk. He studied Russian, went to the Soviet Union, renounced the U. S. and attempted to achieve Soviet citizenship.

Then he rejected the Soviet Union. Again he didn't just talk. He came back to the U. S. even though he would face serious difficulties here.

He didn't just think about deserting to Cuba. He went to Mexico and attempted to arrange passage.

There are many tortured people known to police and other agencies. The problem is first to separate the "doers" from the others. But even that isn't enough. There are many "doers" who don't assassinate presidents.

The potential assassin seems to be a man with a need for self-aggrandizement, a man who believes he must exalt himself. That is, he thinks he's a real big national or world leader who should have a place in history if society would only recognize his worth. Assassination may be a way to gain fame. This self-aggrandizement should show up throughout his history.

What type of man the potential assassin will pick as his target depends on whom or what group the tortured man thinks has wronged him. If he's a Marxist, anarchist or Hitlerite he may pick any handy important political figure as his target. Some of the experts suggest President Kennedy just happened to be the prominent man who was at a place convenient for Oswald to act.

## Memory Lane

By J. R. LOWELL

Ten Years Ago

Indisputable evidence of lingering summer is presented today by Mrs. Edward Van Horn, 1617 S. 8th Ave., who this morning picked three Easter lilies in her garden. They are large and perfect.

Indian Lake State Park near Manistique, has enjoyed the largest attendance in its history. Records show that 94,485 people visited the place the past year. Some of its features have been severely taxed and steps will be taken to improve the camping and beach facilities.

Many complaints have been made in Gladstone that youngsters with slingshots, BB guns and, in some instances, .22s, are shooting birds in the city. The excuse often given, "we only shoot sparrows," doesn't go, says Police Chief Kallerson. These weapons are banned and have long been banned. Besides, every so often the "sparrow" happens to be a robin.

Twenty Years Ago

High school students in Escanaba have been given a four-day vacation to assist in harvesting the potato crop.

The Free Methodist Church at Manistique held special services last evening in recognition of the fact that the church property in that city is free from debt. The burning of the mortgage was held then with proper ceremony.

Escanaba will be host this weekend to teachers of Upper Michigan at their annual MEA session. About 1,500 teachers are expected to attend.

Thirty Years Ago

Announcement is made that Trenary School, closed for the past two weeks because of a scarlet fever quarantine will reopen next Monday.

The new First National Bank of Manistique will open its doors for business next Saturday with the following slate of officers, James C. Wood, president; Dr. George A. Shaw, vice president; Fred H. Hahne, executive vice president and Mauritz Carlson, cashier.

While hunting yesterday, a gun in the hands of Lawrence Oak of Gladstone was accidentally discharged and his right thumb was shot off. Another hunter was nearby and he took the injured boy to a doctor.

## BARBS

By HAL COCHRAN

There's one thing you shouldn't look for if you lose it—your temper!

If you want to keep a cold, take all the advice your friends give you as to how to get rid of it.

Friends have less reason to sing your praises, when you sing them too much yourself.

It is doubtful if there is any degree of household heat that satisfies every member of a family.

Face pots of West Africa had a top in the shape of an animal or human being. Often the entire container suggested a full figure. Witch doctors apparently believed they could transfer illnesses from the sick to the face pots.

## Questions And Ann Landers

### Answers

Q—What is the profession of a demographer?

A—Demography is statistical study of population, and a demographer is one who does research on the subject.

Q—Is it true that the roof of a purebred dog's mouth is always black?

A—This is true in only a few breeds. Usually it is pink.

Q—Do members of Congress pay income tax on their salaries?

A—Yes.

Q—What kind of lard is leaf lard?

A—Lard taken from fat surrounding the kidneys of swine.

Q—What familiar "nut" grows underground?

A—The peanut, classed as a fruit.

Q—Which of the senses develops first in a new-born baby?

A—Babies are born with the sense of touch, and the sense of smell develops immediately.

Q—Upon what occasion did the Liberty Bell develop a crack?

A—On July 8, 1835, the Liberty Bell Independence Hall, Philadelphia, cracked as it was being rung during the funeral of John Marshall, chief justice of the Supreme Court.

Q—In what direction does the moon travel?

A—From west to east.

Q—Is John the most common name in the world?

A—No. Mohammed, which is spelled in many ways, is the most common. The commonest given name in the English-speaking world is John.

Q—If a man weighs 150 pounds on earth, how much would he weigh on the moon?

A—About 25 pounds.

Q—Is it proper to burn a discarded United States flag in public?

A—No, never. Such a flag should be destroyed privately, in whole, preferably by burning and without ceremony.

Q—How does a member of the U. S. Senate obtain recognition to speak?

A—He rises, addresses the presiding officer and does not proceed until he is recognized.

Q—What does the name of the Women's Zionist organization, Hadassah, mean?

A—Hadassah is the Hebrew name of Queen Esther.

## Nude Housewife Is Not Alone

Dear Ann Landers: I could kiss you for printing that letter from Lady Godiva, the woman who enjoys doing her housework in the nude.

For years I thought maybe I was a freak because I do the same thing. Naturally I've never breathed my secret to a soul—not even my husband. I was greatly relieved when you said it was neither immoral nor sick, and that so long as she kept her shades down it was nobody's business.

I'm a woman in my 40's who also enjoys the freedom of doing her housework in the nude. I can bend and stretch, unencumbered. Now I zip right through this eight-room house in less than two hours. Thank you, Ann. You've made me very happy.—ANOTHER JAY-BIRD

Dear Bird: Apparently I made a great many women happy. A staggering number of housewives wrote to confide that they, too, enjoy cleaning house in the altogether. Here's another Jaybird from Memphis:

Dear Ann: Tell Lady Godiva she's not crazy and she's not alone. I've been doing all my housework in my birthday suit for 20 years. I consider myself normal and intelligent.

As a bride I was forever sewing torn seams and re-stitching pockets which had caught on knobs. One day I took off my house dress when I got soaked to the skin. (A frying pan plopped into the dishwasher.) I so enjoyed the feeling of freedom that I've been cleaning house in the nude ever since.

I can report only one minor mishap. Several months ago while ironing a bed-sheet I stood too close to the board and burned my stomach. Nothing serious—just painful. Please warn the girls.—ME—IN THE FLESH

Dear You: Sorry about your stomach. Take note, Jaybirds. Other hazards of prancing about unclothed are described in the next letter from Louisville:

Dear Ann Landers: I used to do my work in the nude but a recent experience cured me. Our minister expressed the wish to see our new baby. The time set for his visit was 2:00 P. M.

I was fresh out of coffee cream and phoned my neighbor to ask if she'd bring over half a bottle. She said, "I'll

be there in a few minutes." I was rushing around (in the nude, as usual) trying to get the house tidied up when the doorbell rang. I grabbed a face towel to wrap around my middle so I could reach out for the coffee cream. I opened the door quickly and shouted, "Boy, am I glad to see you, Honey!"

To my everlasting shame it was the minister. He was so startled his glasses almost fell off. He mumbled, "I'll be back next week when I can bring my wife."

I slammed the door shut and just sat there and shook for 20 minutes. To this day I'm unable to look him in the face. (P. S.: You can be sure I'm no longest a nudist.)—STILL BLUSHING

Dear Blushing: The next letter from Kansas City may be a comfort:

Dear Ann: I wonder if Lady Godiva saw the news item in the paper about an Ohio housewife. She was doing her laundry in the basement and impulsively decided to take off the soiled house dress she was wearing and throw it into the machine.

Her hair had just been set in pin-curls and the pipes overhead were leaking. She spotted her son's football helmet and put it on her head. There she was, stark naked (except for the football helmet), when she heard a cough. The woman turned around and found herself staring into the face of the meter reader from the Gas and Electric Company.

As he headed for the door his only comment was, "I hope your team wins, Lady."

Too many starchy-eyed lovers do not know the difference. Do you? Send for ANN LANDERS' booklet, "Before You Marry—Is It Love Or Sex?", enclosing with your request 20c in coin and a long, self-addressed, stamped envelope.

Ann Landers will be glad to help you with your problems. Send them to her in care of this newspaper enclosing a stamped and self-addressed envelope.

# Rains Too Late To Help Crops

CHICAGO (AP) — Plentiful rain and cool weather have alleviated costly drought conditions throughout the nation and buoyed farmers' hopes for the fall planting season.

But, an Associated Press tally survey showed Friday, for most of the rich summer crops, the rains came too late.

Lack of moisture and parched soil caused an estimated \$300-million damage to the normally bountiful crops of corn, soybeans, sorghum and wheat. Recent rains have aided fruit growers but livestock and dairy farmers are hard hit by arid pastures and lack of livestock fodder for the winter.

Some farmers are cutting corn for silage in an effort to alleviate the expected feed shortage.

**Colorado Parched**  
Despite low ground-water supplies and lack of adequate subsoil moisture, most farmers are optimistic about the fall crops.

But in some scattered areas, rainfall still is desperately needed.

Eastern Colorado is "a powder keg," says Henry Christenson, state soil conservation director. With the weather still balmy and no rain in sight, the newly planted wheat crop is imperiled. Some wheat already is lying in the dust, Christenson says.

Here's a section rundown of conditions:

**EAST**  
Virginia — Drought conditions have been relieved by rainfall, but it came too late to help crops. Water shortage has been relieved. Drought relief programs are in progress.

Connecticut — Soil dampened 5-10 inches with rainfall ending five-week dry spell. But effects of drought which began in April still prevail and more rain is needed. Drought worst since 1957 and second worst in this century.

New York — Two inches of rain last week in the mid-Hudson Valley area eased threat of forest fires. But that sector still is considered a disaster area because of the late summer drought and the damage to crops.

Maryland — The crop reporting service said soils have changed from too dry to too wet.

**Fire Bans Lifted**  
New Jersey — Drought was relieved by rains last week, but it came too late for vegetable growers. Farmers without irrigation have suffered. But the recent rains helped fruit growers.

Pennsylvania — The soil was moistened last week with a 1-3 in. rainfall, erasing a two-month threat of excessive forest fires. Ban on fires in state park fireplaces lifted. But rain came too late for most summer crops.

**CENTRAL**  
Minnesota — Drought broken several weeks ago, now state needs dry, warmer weather for corn and soybean harvesting.

South Dakota — Twenty-six counties have been declared drought disaster areas, where haying and grazing of soil bank acres are allowed. Use of idle acres are allowed. Rain two weeks ago helped moisture late for most summer crops. to help the crops.

Michigan — Agriculture Department has declared 12 drought-stricken counties eligible for emergency loans. Overall picture of state not considered too serious.

Missouri — Central and northern sections hit hardest by drought with no rain in July and August. Feed grain and soybean yields cut sharply. Fall pasture and farm ponds improved by rain two weeks ago. Fire hazard caused in some wooded areas.

Kansas — The state is dry, but has not reached the critical stage. September rains permitted planting of winter wheat in most sections. Very little moisture in the extreme west. More rain needed for wheat, farm ponds and over-all crop situation.

Oklahoma — August and September rains ended drought. South Carolina — Recent rains helped relieve dryness in eastern section. Corn seriously stunted in some areas. Smaller apple crop in the northeast because of drought. Twelve counties in northeast and central sections getting federal assistance.

**Pastures Damaged**  
Indiana — Rainfall 4.9 inches below normal in the east central section for the last 13 weeks. Corn and soybean crops reduced, but not seriously. Pastures have been damaged most.

Ohio — Some late September rain helped, but still needs moisture to replenish ground water supply.

Texas — Drought appears over in most of the state, with pastures beginning to green and land in good condition for winter wheat planting. Subsoil moisture may be deficient in some places.

**WEST**  
Colorado — Eastern Colorado described as a "powder keg" and if a daylong hard wind should occur, newly planted wheat would blow out of the ground and damage would be heavy. Some blowing last week, but no major damage. Moisture situation getting worse as warm days continue without rain. Some newly planted wheat may die unless there is rain.

New Mexico — September rains came too late for most dryland crops, but has helped winter range prospects and fall planting of wheat.

California — The state has finished its driest year in nine years. The water year ended Sept. 30, but despite the deficiencies, general water conditions are far from critical.

The longest mountain range on earth is underwater. The Mid-Atlantic Ridge, 300 to 600 miles wide, runs nearly 10,000 miles from Iceland almost to the Antarctic Circle. Pico Island, highest peak in the ridge, rises 27,000 feet from the ocean floor and 7,615 feet above sea level.

**WORLD BEAUTIES**—Kiriaki Tsopel, right, Miss Universe 1964, poses for photographers with Bobbi Johnson, Miss U.S.A., while they were on a visit to Tokyo.

## Bonanza Starts Another Year As TV Tranquilizer

By CYNTHIA LOWRY  
AP Television-Radio Writer  
NEW YORK (AP) — Adam Cartwright met an attractive scoundrel Sunday night on "Bonanza." True to the traditions of television's Old West, we knew that he was a scoundrel almost immediately — he sneaked \$50 from Adam's wallet and he kept nipping whiskey from a pint bottle.

That's the way NBC's "Bonanza" rides along, tall and proud in the network saddle, year after year.

"Meet the Press" celebrated a slightly delayed birthday Sunday with Diosdado Macapagal, president of the Philippines, as its guest. The NBC news-interview show had its beginning on Oct. 5, 1945, as a radio program and moved to TV two years later.

It is almost always an interesting program and its panelists usually show clearly that they have done their homework. May it continue for another 19 years.

Recommended tonight: "Andy Williams Show," NBC, 9-10 EDT, with Liberace and Phil Harris; "Slattery's People," CBS, 10-11, Ed Wynn guest stars as a man fighting the closing of a home for the aged.

# Farm Now Gives Fun For Family, Cafeteria Style

By The Associated Press  
John Bintz of Freeland went into his cornfield with a bulldozer in 1960 because he was "disenchanted with farming as such—because of prices."

But while plowing under the cornfield, Bintz went on and built a 155-foot mountain with the dirt. "Apple Mountain" now is a profitable ski resort.

It takes imagination and dollars to turn farmland over to recreation, Bintz says — more dollars than meet the eye at first.

In exercising their imaginations, Bintz and another farmer new to recreation, Bernard Katz of Marshall, took advantage of facilities already on the farm.

**Barn For Dancing**  
For example, a barn—standard equipment on a farm—now is used for barn dances at the Katz farm.

Besides his ski resort, Bintz has a new cider mill and country store, where his farm's apples are featured. In addition, his 10 acres of raspberries are picked mainly by the customers themselves at so much a quart. Just as much as skiing, these other enterprises provide recreation, Bintz says.

Even before skiing starts, Bintz expects more than 5,000 persons to visit his farm each Sunday in October.

Shopping at his country store and watching cider made is one-half recreation, he contends. So is raspberry picking. Katz' operation stresses variety. "Family Fun Cafeteria style," his promotions say.

The center is 160 acres out of production for creation of campsites, many of them in a 25-acre hilly, wooded spot.

**Lake Comes Next**  
From the campgrounds, visitors to the "cafeteria" may choose fishing in a 160-acre lake, horseback riding, pick-nicking, hiking and other sports.

Soon, he hopes to have a 7½-acre man-made lake for swimming, and he hopes to have

some rental boats available for next spring.

For catering to large parties, Katz' enterprise has a large barbecue pit and picnic grounds.

For winter sports, he plans to build a heated lodge.

"The future looks good," he said. "Automobile, camping equipment and trailer people all are plugging camping."

"Family disposable income and leisure time are up," Bintz adds, "because of automation. The trend is to buy a boat, play golf, and so on."

"Our ski business has about doubled every year."

**Less Surplus Crops**  
Bintz is chairman and Katz is one of the incorporators of the new Michigan Association of Rural Recreation Enterprises Inc. — set up to help farmers in this field in which there are few experienced hands.

The association apparently is the first of its kind in the nation.

In discussing it with Agriculture Secretary Orville Freeman recently, Bintz found the secretary enthusiastic.

A main reason why the Department of Agriculture would favor rural recreation enterprises, Bintz says, is that "for every acre turned over to recreation, there is less land creating a crop surplus."

A rifle that fires drug darts can put to sleep a four-ton rhino, largest land animal next to the elephant.

## BACKACHE & NERVE TENSION SECONDARY TO KIDNEY IRRITATION

After 21 common kidney or bladder irritations affect twice as many women as men and may make you tense and nervous from too frequent, burning or itching urination both day and night. Secondly, you may lose sleep and suffer from headaches, backache and feel old, tired, depressed. In such irritation, CYSTEX usually brings fast, relaxing comfort by curbing irritating germs in strong, acid urine and by analgesic pain relief. Get CYSTEX at drugists. Feel better fast.

## FOR YOUR Protection

BILL PERRON ANSWERS YOUR INSURANCE QUESTIONS

**QUESTION:** We know of some people who had a small fire in their kitchen but it got into the walls and the firemen had to tear off most of the clapboard exterior to put it out. Is the damage done by the firemen covered by their fire insurance?

**ANSWER:** Yes, any damage done by the firemen fighting a fire is covered by the standard fire insurance policy.

This public service is our way of advertising. Your insurance questions will be answered without charge or obligation if you'll send or bring them to:

PERRON Insurance Agency 1105 Ludington St. Phone ST 6-7661

## Personal jet

Your own personal jet to transport you in seconds anywhere you want to go . . . that's one of the many roles the telephone plays in your life.

Your telephone is always ready to speed your voice for a friendly chat with family or friends, to take you on a whirlwind shopping

trip around town, or to help make last-minute plans. Your telephone jet is always ready in an emergency, too, when speed is so important.

It's hard to imagine what life would be like without the telephone to help get things done the fast, easy way. And it's still one of the biggest bargains in your family budget.

Michigan Bell

## Woman's Club Charity Ball Date Is Nov. 28

The Escanaba Woman's Club annual Charity Ball, one of the highlights of the early holiday season, will be held this year on Saturday, Nov. 28, at the Dells Supper Club.

The party is sponsored each year by the Philanthropic committee of the Club to support its welfare work during the year.

Mrs. John Partridge and Mrs. Robert Schatz are co-chairmen for the event and their hostess committee is Mesdames M. H. Garrard Jr., John Anthony, Manley Anderson, Walter Belau, Anton Chiconas and Earl Uecke.

## Isabella

### Farm Bureau

Isabella Farm Bureau met Saturday evening at the home of Mr. and Mrs. Henry Turan with Ted Sundin presiding. Routine reports were given by Mrs. Helmer Nelson, Mrs. Harvey Sundin and Mrs. Vernon Peterson. The discussion topics were "The Farm Program Climate in Congress," "The Democratic Farm Plan," "The Republican Farm Plan" and "The Farm Bureau Plan."

Mrs. Clarence Dupuis and son, Jay, Lake Linden, are visiting her mother, Mrs. Gust Soderberg.

## Bark River

### Sunnyside Club

Sunnyside 4-H Clothing Club will meet to organize for the new year Tuesday at 7:30 p.m. at the home of Clifford Olson. Slides of last year's 4-H program will be shown. Mothers of the girls are invited to join them at the meeting.

### Auxiliary Tonight

The Auxiliary to Rheumeknauf American Legion Post 438 will meet at 8 p.m. today at the Community Hall.

To make zesty croutons to add to green salads, brown and crisp them in garlic-flavored olive oil.

# Women's Activities

MAKING PLANS for World Community Day at a meeting at the Irwin TenHaken home, are (from the left) Mrs. Ten Haken of Central Methodist Church, Mrs. Michael Kintziger, St. Stephen's Episcopal, Mrs. Dale Jensen, Immanuel Lutheran, Mrs. Marcell Ashland, Bethany Lutheran, and Mrs. Arthur Hammerberg, Christ the King. The service of worship and dedication, sponsored annually by United Church Women, will be held Nov. 6 at 2 p.m. at First Methodist Church. (Daily Press Photo)

## Social-Club Births

### Flat Rock P.T.C.

Flat Rock Parent Teacher Club is meeting Tuesday, Oct. 13, at 8:15 p.m. in the multipurpose room of the school. Plans will be completed for the annual Halloween Festival.

### Past Noble Grands Club

The Past Noble Grands Club of Phoebe Rebekah Lodge will meet Tuesday, October 13th at 7 p.m. at the Odd Fellows hall, N. 10th St. The hostesses are Mrs. Harriet Carlson, Mrs. Tillie Erickson and Mrs. Freda Aronson.

Add grated pared cucumber, celery leaves and chopped green onion to tomato juice; cover tightly and chill. Strain and serve for a first course with cheese and crackers.

COUILLARD—Mr. and Mrs. Emil Couillard of Milwaukee welcomed their first child Oct. 10, a daughter, Gale Lynn, born at 12:45 p.m. Mrs. Couillard is the former Susan Porath and the grandparents are Mr. and Mrs. Donald Porath of Escanaba and Mr. and Mrs. Gilbert Couillard, Escanaba Rte. 1. Gale Lynn is the Donald Porath's first grandchild.

DEPUYDT—Mr. and Mrs. Kenneth J. Depuydt of Perkins are the parents of a son, Chris David, weighing 8 pounds and 8 ounces, born Oct. 10 at 3:04 p.m. at St. Francis Hospital. Mrs. Depuydt is the former Estelle Christiansen.

HEIDEN—A son, weighing 7 pounds and 9 ounces, was born to Mr. and Mrs. Leslie J. Heiden, 1512 S. 15th St., Oct. 11 at 2:39 a.m. at St. Francis Hospital. The baby's name is Jeffrey Walter. Mrs. Heiden was Shirley Jane Dubord before her marriage.

SUDAC—Mr. and Mrs. Frank Sudac Jr., 2310 Woodruff Ave., Lansing, are the parents of a daughter, Ann Marie, born Sept. 28. The infant weighed 6 pounds and 6 ounces. Mrs. Sudac is the former Adeline Kye and the grandparents are

Mr. and Mrs. Walter Kyes of Bath, Mich., and Mr. and Mrs. Frank Sudac Sr. of Escanaba.

BOURDEAU—Mr. and Mrs. Arnold R. Bourdeau, 203 Stephenson Ave., are the parents of a son, born at St. Francis Hospital today, Oct. 12, at 4:49 a.m. The infant weighed 7 pounds and 12 ounces. The mother is the former Lucienne Bach.

If you use tenderizer on chuck steak, you can broil the meat.

## Top Cakes With Grapes

By CECILY BROWNSTONE  
Associated Press Food Editor

Don't let making a fancy cake scare you. Even if you are not adept with a pastry tube, you can decorate a cake in delightful fashion.

Whenever those delicious seedless grapes—green or gold—called Thompson are in season, we use the fruit to make a Bunch of Grapes cake. Our way is to put together two cake layers with apricot preserves, frost with whipped cream and outline the seedless grapes over the cream in the shape of a bunch. A short length of green stem from the grapes finishes off our handiwork. This amusing decoration is delectable to eat: the flavor of the grapes is just right with the cake, apricot filling and cream.

The following recipe produces sponge cake layers that are perfect for this dessert: a little fresh orange juice and grated lemon rind attend to its good flavor. Its texture is fine. But one suggestion: sponge cake mellows after a refrigerator stay, so bake this cake a day or two ahead of serving. Wrap the layers tightly and chill them. On the day you are serving the dessert, put together the cake layers with the filling, then frost and decorate.

### Bunch of Grapes Sponge Cake

1 cup sifted flour  
1 teaspoon baking powder  
 $\frac{3}{4}$  cup plus  $\frac{1}{8}$  cup sugar  
4 eggs, separated

## Elks Bridge League Play Opens Saturday

The Elks Duplicate Bridge League will begin play for the new season Saturday night in the Lounge of the Elks Club.

All bridge players of the area are invited. It is not necessary that they be members of the Elks Club. Those who are not familiar with the mechanics of duplicate bridge will be given assistance.

The Elks Bridge League is sanctioned by the American Contract Bridge League, Inc., and holds monthly master point games and issues fractional points weekly.

Registration Saturday night will be at 7:30 and play will begin promptly at 8.

## Hiawatha Lodge Dinner Tuesday

Hiawatha Lodge 281 will hold a dinner meeting at which husbands of members will be guests, Tuesday evening at the Eagles Club. Dinner will be served at 6 and the meeting will begin at 7:30. Elise Klingner is chairman of the evening and her committee includes Alta Ixaacson, Yvonne McCauley, Henrietta Miller and Sophie LaFleur.

## Ensign

### 4-H Meeting

Ensigners 4-H Club will meet at the Ensign Township Hall at 7 p.m. Tuesday, Oct. 13, to organize for the winter club.

The basic black party dress needs help from its wearer. The model here starts with a shampoo so her hair will be at its sparkling best. For best results when setting hair, especially fine hair, blot moisture (left) from hair with two linen towels. The helps bring out the natural sheen. Just before leaving, make a last-minute check of make-up, hair-do and clothes to see that all is neat. Often an added touch of lipstick or rouge is called for.

## How to Glow in Basic Black

By ALICIA HART  
Beauty Editor  
Newspaper Enterprise Assn.

The basic black-and-pearls costume that gets you through any social situation can be the best staple in your wardrobe. But even such a simple costume can not come off right without help from the wearer.

Make the most of simple black with your hairdo and cosmetics. The extra care you give your complexion and hair will be evident.

Start with a shampoo so you always have a fresh look.

Texture and sheen complement the simplest hair style. Start with a double lathering and use a shampoo brush to stimulate the scalp and cleanse the hairline. Rinse thoroughly. If your hair is difficult to manage, you may use a cream rinse for more control. If your hair is very fine, protect it from possible damage caused by heat drying.

Blot the moisture from your

hair with two linen towels. Linen does not shed lint and also adds sheen to the hair. Now set your hair on large rollers. This gives you a natural-looking hair style which is in vogue this fall.

While your hair is setting, thoroughly cleanse your face and neck to encourage a healthy glow. Splash on cool water, pat dry. Then apply an astringent.

Lighting is important when making-up for an evening out, so check your make-up in different intensities of light around the house to see that it is neither too harsh nor too pale for evening.

Before leaving the house, give your hands a quick sucking and smooth on a lotion.

Your confidence at knowing you are neat and well-groomed helps add zing to the evening.

## Cornell

### PTC Meeting

Mrs. Leonard Nelson presided at the recent October meeting of Cornell PTC, held at the school. Plans were made for the Halloween party and room mothers were chosen for the year. The P.T.C. has purchased new curtains for the kitchen. Lunch was served by Mrs. Leonard Nelson and Mrs. Ray Couillard. Sixth grade mothers will be on the lunch committee in November.

### Double Birthday Party

Mrs. Alfred Anderson and Mrs. Monroe Harrison were honor guests at a birthday party at the Harrison home recently. Mrs. Anderson celebrated her 85th anniversary. Games were played and prizes awarded to Mesdames Henry Rose, Earl Aiken, Monroe Harrison, Hjalmar Olson, Wilfred Mattson and Lena Forsman. Lunch was served from a buffet table, centered with a green and white birthday cake. Gifts were presented the honor guests. Others attending were Mesdames Axel Carlson, John Anderson, Alfred Dahl Sr., Alfred Dahl Jr., Warren Rose, Carl Francis, Mary Harrison and Mary Backlund.

## Personals

Mrs. Dolly Altenburg, 307 S. 10th St., has left for the East Coast to visit with her son, Sgt. Richard Duncan, and his wife and four children. Sgt. Duncan, who is stationed at Pease AFB, Portsmouth, N. H., is leaving soon for a tour of duty overseas.

## Bird Migration Starts In North

By LEE SMITS

If Michigan sportsmen took a vote on their favorite time of year, a majority could be expected to favor the fall. Fishing and hunting seasons overlap. Flies and mosquitoes curtail their activities. Fish are hungry. Woods, fields and marshes take on shades and hues that are brilliant, sad, wistful, exciting, according to the beholder's mood.

The sportsman who gets maximum enjoyment from the outdoors is also a bird-watcher, naturalist, a fascinated observer of all forms of life.

Comes a report from a non-shooter, Miss Mary Margetts, of the first waves of bird migration and of clouds of monarch butterflies on their mysterious southbound flight. Miss Margetts had gone to Hawk Cliff near Port Stanley, Ontario, on the north shore of Lake Erie, a spot that induces bird-watchers to journey hundreds of miles for the spring and fall parade.

On a pre-autumnal day observers at Hawk Cliff identified the westward drift of sparrow hawks, marsh hawks, red tailed, Cooper's and sharp-shin, on their way to wintering grounds in Texas, according to banding returns.

Miss Margetts had a close-up view of a pair of ospreys, the fish-hawk that is diminishing in numbers as is the American eagle, evidently from insecticides absorbed by fish. (In Britain the osprey is being restored. To prevent interference by egg-collectors, volunteer guards watch the nests around the clock.)

Bird migration gets underway long before the first frost. Before they take off, many species, including waterfowl, assemble in big flocks. Clouds of red-wing blackbirds have been leaving the marshes to gobble ripening corn, and farmers don't like it.

It could be that excessive numbers of red-wings may be due to the irrational war, carried on since pioneer times, against all birds of prey. Michigan now protects hawks and owls — and also red-wing blackbirds. Time was when marsh-men slaughtered red-wings a peck at a time for the composition of pot-pie, stew with dumplings and fried-in-butter feasts.

Most kinds of fishing improve in the fall. Lower temperatures sharpen fish appetites for one thing. Emil Krutis of Roseville, who recently wrote that he'd like to meet up with a fishing partner who never tipped the bottle, also inquires about winter fishing for catfish and bullheads. Well, there isn't any such thing. When the freeze-up comes catfish and bullheads retire to muddy depths and lose all interest in food.

"Their metabolism sinks to a very low level," says Robert E. McKee, curator of the Belle Isle Aquarium of the Detroit Zoo. "They can't be said to hibernate, but they are inactive, and I imagine they wouldn't be good to eat during their long winter fast."

Another correspondent, from the other side of the world, contributes some wildlife notes. George Pierrot, of World Adventure fame, writes from Melbourne, Australia. Mr. Pierrot, a far-travelled hunter and fisherman, is a director of the Detroit Zoological Society and his journeyings always include zoos and wildlife sanctuaries.

In Australia he was happy to find that the koala has been saved from extinction by protective laws. The koala's chief handicap is its cute appearance, although it actually is sluggish and not too bright. As late as 1925, says Pierrot, 20,000 koala pelts were marketed. Koala teddy bears are now made from kangaroo fur, and there seems to be no shortage of kangaroos.

The emu, a three-toed flightless bird, was also on its way to extinction in Australia, and in a zoo Pierrot stroked the feathers of one of these strange creatures. He also saw — in a zoo — the platypus, a duck-billed, furred animal that lays eggs. The platypus is normally active only at night, but in the zoo they are placed in a glass tank for two hours every afternoon for public viewing. The platypus requires a diet of live anguilliforms. In the zoo it enjoys custard pudding enriched with anguilliforms.

Australia and New Zealand have been desperately troubled by imported species. Deer and rabbits from Europe have devastated farms and grazing land in spite of drastic control measures. New Zealand is now battling an animal brought in from Australia, a species of opossum that eats crops, destroys orchards and threatens to exterminate the pohutukawa tree that is loved for its wealth of scarlet blossoms at Christmas time.

Last year, hydrologists from the U. S. Geological Survey, cooperating with the Brazilian government, surveyed the Amazon's waters at various points and at different seasons. They discovered that the Amazon is about 12 times larger than the Mississippi. Previous estimates had placed the Amazon's volume of flow at about seven times that of the Mississippi.

REAL LEMMON AID—Actress Casey Townsend waits in a barrel for her rescuer, Jack Lemmon, to whisk her to safety. It's all part of a new movie, "How to Murder Your Wife," being filmed in New York City.

## Labor Racket Bribe Charged

DETROIT (AP)—A man described by the FBI as an employee of the Teamsters Union was to be arraigned today in U.S. District Court on a charge of attempting to obtain \$10,000 for labor peace at a picketed Detroit trucking firm.

He is Marvin W. Thorne, 26, of Detroit, who the FBI said was an employee of Teamsters Local 299, home local of James R. Hoffa, international president of the Teamsters.

Charles (Chuck) O'Brien, business agent for 299, told newsmen "nobody ever heard of him," but added "we're checking him out to see whether he was a worker for Pagan (Motor Freight, Inc.) or what."

Bernard C. Brown, Detroit FBI chief, said Thorne was caught Saturday in a public telephone booth demanding \$10,000 from Arthur Pagan, sales representative for Pagan Motor Freight Inc., in a telephone conversation.

Brown did not disclose whether a conversation was overheard by someone outside a booth or via a tapped line.

Thorne is charged under a criminal section of the Taft-Hartley act. Brown said Thorne had been a picket at Pagan offices since July and quoted officials of the trucking firm as saying Teamsters had been picketing in an attempt to become bargaining agent for the company's drivers.

Pagan Motor Freight officials were quoted as saying they had received anonymous calls since Sept. 13 demanding payments for labor peace at the firm.

## Gospel Singer Mahalia Jackson Battles Illness

CHICAGO (AP)—Mahalia Jackson, who struggled from poverty in Louisiana to international fame as a gospel singer, is now waging the most critical battle of her career.

The onetime washerwoman is recuperating slowly from a serious heart ailment in a Chicago hospital. She's doing it the only way she knows how, she says, "with faith and cheerfulness."

"I never knew so many people loved me. I never knew so many thought so much of my singing," Miss Jackson, 50, said Sunday in a bedside interview.

Her tiny hospital room has overflowed with a daily stream of cards, letters and flowers, many from Europe and Asia. "There were so many flowers," she said with a soft laugh, "that one morning I woke up and thought I was dead."

The 200-pound singer entered Little Company of Mary Hospital Sept. 15. "I had a terrible pain in my chest," she recalled. "The doctors told me my blood pressure was over 200."

Doctors have ordered Miss Jackson to remain in bed indefinitely. Visiting is restricted and no telephone calls to her room are permitted.

## Tranquilizer Is Dud With Mink

It looks as though the mink at Michigan State University will finally get a chance to "kick" the tranquilizer habit, but U. P. mink breeders are being told.

That's because a team of MSU researchers recently experienced a scientific setback in their attempts to use the drugs to keep the mink calm and relaxed and ultimately reduce the price of mink garments.

The story of the MSU mink and their tranquilizers began a little more than a year ago when researchers started feeding a drug called reserpine to the mink. They had hoped that the drug would act as a sedative to the normally vicious little animals who would rather fight than switch.

Ultimately, the scientists hoped that the mink could be raised in colonies instead of individually in cages—thus reducing the cost of raising them.

Last year, the tranquilizers worked. Researchers Richard J. Aulerich, Gordon Shells, Richard K. Ringer and Philip J. Schaible, all of MSU's poultry science department, noted that there were distinctly fewer bite marks in the pelts of those mink that were fed reserpine. They were fairly well convinced that the only remaining problem was finding the optimum drug dosage.

So, this year they fed the mink even more tranquilizers. They varied the amounts to see which levels of the drug would be most effective.

Results: almost disastrous! Not only did the treated mink do just as much biting and fighting as their untranquilized comrades, but they also gained less weight and reached sexual maturity at a later date.

For example, the experiments showed that individual temperaments may have been responsible for the extreme differences in weight gains, as well as the wide variation in pelt injury. The scientists also noted that a certain "social

order" seems to exist among the animals and that this factor may account for the fact that some mink grew and produced much better pelts than others.

The researchers observed that that within each pen, one mink—and sometimes two or three in the larger groups—appeared to dominate the other animals, often chasing them away from their feed or out of their nest box. And some of the more aggressive males, while not always the largest mink in the pen, were continually gaining weight during the course of the study while less aggressive animals lost weight as time went on.

These observations lead the MSU researchers to believe that further studies of a possible mink "social order" might help some of the problems related to mink temperament.

The paperback book is being used more and more for education, formal and informal, on all levels. Many college courses require paperback texts. One of New York City's largest educational bookstores has reported that 75 per cent of all its sales are paperbacks.

## Notice To Escanaba Taxpayers

## LBJ'S Safety Arouses Fears

LOS ANGELES (AP)—Two anonymous telephone warnings and a brush with a placard bearer worried President Johnson's bodyguards during his Western campaign swing, but no trouble materialized.

A youth whose Goldwater-Miller placard grazed the President's hat Sunday in Phoenix was released by police after questioning.

Police found a revolver in a pocket of another youth. He said he was carrying it to protect the President. Phoenix police released him later on bail.

As the President rode through the Long Beach, Calif., area later in the day, Secret Service men were aware that local authorities had received reports of two telephone calls, one warning directly and the other indirectly that the President's life was in danger.

A Secret Service man stood in the car following Johnson's, holding an automatic rifle. Normally such weapons are carried out of sight.

## Publisher Sacks Post Executives

NEW YORK (AP)—Curtis Publishing Co. today placed on inactive status two top officers involved in a management dispute, Clay Blair Jr., editor of the Saturday Evening Post, and Marvin D. Kantor, head of the company's magazine division.

Matthew J. Culligan, Curtis president and chairman, said the executive committee had relieved the men of all duties. The two men were central figures in sharp criticism of Culligan's management.

Neither Blair nor Kantor was immediately available for comment.

A letter to the board that became public this week had accused Culligan of mismanagement. It was signed by Blair, Kantor and 13 other top editors and production men.

## Michigan Tech To Have 4-Year Branch At Soo

SAULT STE. MARIE (AP)—The Board of Control of Michigan Technological University Friday voted to establish a four-year branch here. The school currently has a three-year program at the Soo.

The city's chamber of commerce has proposed a \$200,000 fund raising drive to build a women's dormitory for the school. The new branch would offer courses in medical technology, biology and business administration, a Tech spokesman said. He said some 750 students are now enrolled at the Soo branch.

Cairn terriers derived their name from their ability to squeeze into rock piles for foxes and wildcats.

## Hokenson Rites Set Tuesday

Funeral services will be held at 2 p.m., Tuesday in First Methodist Church for Edward T. Hokenson, 57, of Rte. 1 who died suddenly at 9:30 a.m., Saturday at his home.

Born in Thompsonville Feb. 25, 1907, he came to Manistique in 1920 and had lived here since. His marriage to Gunhild Danielson took place in Manistique May 28, 1929.

He was active in First Methodist Church and a member of Lakeside Lodge 371 F&AM. He was employed the past 34 years as radio dispatcher at Inland Lime & Stone Co.

Surviving are his wife, three sons, Wallace, Manistique, Douglas, Hammond, Ind., and David, Manistique, three brothers, George, and Wilson, of Waukesha, Wis., and Carl in Indiana; three sisters, Mrs. Leon (Thelma) Carroll of Gulliver, Mrs. Frank (Beatrice) Wright and Mrs. Lawrence (Dorothy) Stites of Waukesha and seven grandchildren.

Friends may call at Messier-Broulliere Funeral Home after 3:30 p.m. today. Members of Lakeside Lodge will conduct memorial services at the funeral home at 8 p.m., today.

The body will be at the church one hour before services. The Rev. Harry J. Davidson will officiate. Burial will be in Fairview Cemetery.

## Install Officers Wednesday For K-C 4th Degree

Officers of Manistique Fourth Degree Knights of Columbus Assembly will be installed at 8 p.m., Wednesday in the clubrooms on River St., by Donald E. Messier, worthy master.

Fred Lesica will be installed as faithful navigator, and with him will be the Rt. Rev. F. M. Scheringer, faithful friar; William Rodman, captain; Fred Cayia, admiral; Pete Berger, pilot; Raymond Krusic, comptroller, and Charles Redeker Sr., and Donald Duquette, sentinels.

Refreshments will be served under direction of Pete Berger, chairman.

## Hospital Auxiliary Planning Dinner Meeting Oct. 19

The Hospital Auxiliary for Schoolcraft Memorial Hospital will hold a dinner Monday, Oct. 19 at 6:30 p.m., in the Presbyterian Church hall. Installation of officers and reports are scheduled. A program of music is planned and Harry Purdy, hospital administrator, will speak.

## OES Installation Scheduled Oct. 24

Mrs. Marvin Frederickson has been elected worthy matron and George Chvala, worthy patron for Ida Chapter 54, Order of Eastern Star.

Installation is scheduled Saturday, Oct. 24, at 8 p.m. The public is invited.

Other officers elected are Mrs. Clifford Cool, associate matron, Clarence Johnson, associate patron, Mrs. Myrtle Aillett secretary, Mrs. Arthur Graham, treasurer, Mrs. Clarence Johnson, conductress, Mrs. Conrad Johnson, associate conductress.

## Breakins Checked

Two breaking and entering cases at Germfask are being investigated by Manistique State Police. Cigarettes and liquor were taken from Maxine's Bar when a window was forced open Friday. At King Koin laundry an unsuccessful attempt was made to take money from a coin box.

## Hospital

Admitted to Schoolcraft Memorial Hospital were Nancy Burns, Germfask; Alfred Halsey, 430 N. Houghton; and Walter Wilson, Gould City. Discharged were William Kropp, Janet Golat and Nancy Burns.

## Palmer Wins World Crown

VIRGINIA WATER, England (AP) — Arnold Palmer said today he intends to borrow some of the old Burma Road when he builds his own golf course, and that will be soon.

The American Masters' champion, first holder of the new unofficial World Match Play championship, said his triumph Sunday over Wentworth's 6,936-yard layout has given him some new ideas. The course is known to British golfers as the Burma Road — a name given to it by Army officers who served in the Far East.

Palmer defeated Britain's Neil Coles 2 and 1 in the 36-hole final and added another \$14,000 to his year's winnings which now total \$124,000.

"That 13th, that 14th, what great holes," he said. "There are a few others I'd like to borrow, too, but not the 12th which seems to be just a little unfair."

The 12th hole is 480 yards long and has a line of fir trees right across the fairway.

## Record Crowd Sees Packers Defeat 49ers

MILWAUKEE (AP) — Wisconsin's biggest professional football crowd in history watched jarring Jim Taylor in one of his finest exhibitions Sunday in a 24-14 Green Bay Packers victory over the San Francisco 49ers.

Taylor rammed over for two touchdowns and set up a third in helping the Packers overcome the loss through injury of high-scoring Paul Hornung. A crowd of 47,380 was on hand.

Hornung left the field in the second period with a pinched shoulder nerve though he came back in the second half to kick a 21-yard field goal and two touchdown conversions.

It was Green Bay's third victory against its second defeat.

Taylor scored his first touchdown on a one-yard plunge in the second quarter and his second on a 27-yard dash in the last period.

On a later Packer drive Taylor lost a fumble on the 49ers' 31. But after San Francisco fumbled back to the Packers on the 25 the smashing fullback hit four straight times to the 8 and Bart Starr passed to Boyd Dowler for a touchdown.

The 49ers drove 80 yards for the game's first touchdown in the second period and went 75 yards for another in the third period.

But in New York, they will tell you that it took a break for the Cardinals to win the fourth game — a rare miscue by the usually sure-handed Bobby Richardson on a sure-fire double-play ball that would have ended the inning without a score.

There were two runners on base with one out when Dick Groat hit a routine grounder to the right of second base. Richardson fielded the ball, tried to shovel it over to Phil Linz for what looked like the start of a twin killing.

Let Richardson explain what happened:

"I got stuck in my web. As Phil came across, I hesitated, throwing him off his timing and when I threw it with my gloved hand, (Curt) Flood hit Linz and he couldn't handle the throw."

Instead of the inning being over, the Cards had the bases loaded. Boyer unloaded them two pitches later with a smash into the left-field stands. Until then, young Al Downing had a three-hit shutout.

Thus, instead of the Yankees having a chance to end it at Yankee Stadium today, they must return to St. Louis Tuesday for a sixth game Wednesday and perhaps a seventh game Thursday.

The Yankees' Mel Stottlemyre and the Cards' Bob Gibson, who clashed in the second game, renewed their rivalry in the fifth game.

Stottlemyre came out the

winner in the first meeting, limiting the Cards to seven hits in an 8-3 triumph. Although he lost, Gibson was impressive, striking out nine in eight innings, permitting only two runs until he tired in the seventh.

Sunday's victory was credited to Craig, who handcuffed the Yankees with just two singles in 4 2-3 innings of relief pitching. The 33-year-old right-hander took over with one out in the first inning after the Yankees had raked starter Ray Sadecki for four straight hits.

Craig permitted a run-scoring single by Elston Howard, then allowed only one more while fanning eight before retiring for a pinch hitter in the sixth.

Carl Warwick came through with a single, giving him three pinch hits so far for a share of that Series record, igniting the winning rally.

Taylor polished off the Yankees without a hit over the last four innings.

"I like our club's chances better now than I did at the start of the Series," said Keane. "Winning this game set us up good. Our pitching is set for the final games, even if it goes the limit of seven. I sure like the way we stand."

Keane admitted that Richardson's fumble of Dick Groat's grounder was the big break of the game.

# Escanaba Slams Soo Blue Devils 46-14

## Gafner Sets School Record With Passes

The Escanaba Eskymos romped to a 46-14 victory over Sault Ste. Marie Saturday behind a record aerial performance turned in by senior quarterback Mike Gafner.

The triumph, Escanaba's fifth since an opening loss to Menominee, clinched at least a share of the Great Lakes Conference championship in the Eskymos' farewell season in the league. Manistique also is unbeaten in conference action with two games remaining against Marquette and Newberry.

Gafner, 6 foot, 175 pound pitcher, set a new modern day passing record for the Eskymos by hitting on seven of 11 tosses good for 191 yards and three touchdowns. The previous record was 190 yards, set by Mickey Moses against Negaunee in the 1961 season.

Gafner hooked up with end Brent Baum on two payoff pitches and found halfback Chuck Brookes with another. Baum, turning in another of his outstanding games, also recovered a fumble for the Eskymos.

Backing up Gafner's superb passing efforts and an impressive running attack was a stonewall defense thrown up by the big Eskymo front line. The Escanaba defenders limited Sault backs to 48 yards rushing and 37 passing.

The Blue Devils reached midfield only twice in the game on their own efforts. They were at midfield on the final play of the first half and reached the Escanaba 44 early in the third quarter.

Soo's two touchdowns were of the spectacular variety. The first came on a 79 yard punt return by halfback Brian Stanaway in the first quarter. The second came in the fourth period when George Toler intercepted a Jerry Hanson pass and ran it back 26 yards to the end zone. Pat Russo kicked both extra points.

Four Eskymos shared scoring honors with Gafner. Brookes ran for a TD to go with his scoring reception. Fullback Jim Clairmont slammed over two touchdowns and Dave Boileau one.

Escanaba jumped to a 7-0 lead early in the game on a 69 yard drive in seven plays. Gafner hit Baum with a 10 yarder and Carl Olson came in to kick the point to make it 7-0.

Stanaway's long punt return

BOB HAACK lugs the leather on a 22 yard scamper from scrimmage for the Escanaba Eskymos in Saturday's 46-14 triumph over Sault Ste. Marie at the EHS gridiron. Haack turned in an outstanding all-around game, intercepting two enemy passes and recovering a fumble. In the lower picture, Escanaba's Chuck Brookes turns on the speed in a run from scrimmage. He scored two of Escanaba's touchdowns. (Daily Press Photos)

## Shipp Leader; Yankees Win

TOKYO (AP)—Jerry Shipp topped the scorers for the second straight day, collecting 18 points as the United States reeled off its 40th consecutive basketball victory in Olympic competition today by whipping a tall Finnish team 77-51. The United States won its first game 78-45 over Australia.

## Fight Results

By The Associated Press  
MADRID—Luis Folloed, 162, Spain, stopped Ikemut Rashidi, 164, Nigeria, 2.

RICHMOND, Calif. — Roger Rischer, 201, San Francisco, outpointed Jim Murray, 208, Sacramento, 10.

## Lions Tie For Top Spot After Nipping Vikings

MINNEAPOLIS—ST. PAUL (AP)—The Detroit Lions enjoyed a share of the National Football League's Western Division leadership today with quarterback Earl Morrall chosen by Coach George Wilson to take some bows.

Wilson said Sunday's 24-20 victory in rain and mud over the Minnesota Vikings was due in great degree to Morrall's sharp shooting as a passer and sharp thinking in strategy late in play.

Wilson also singled out the Lions' defensive team for doing a "great job" in containing Fran Tarkenton, the Vikings' star passer.

## Mantle Sets Homer Record

NEW YORK (AP)—Figuring the Series:

Yankee slugger Mickey Mantle, who established a Series record by hitting his 16th homer Saturday, extended two more of his career marks Sunday. He walked twice and struck out once, lifting his Series totals to 41 bases on balls and 50 strikeouts.

Ken Boyer, whose bases-filled home run powered the Cards to the 4-3 victory, was the National League co-leader with Houston's Bob Aspromonte during the regular season. Each hit two grand slams. Boyer getting his off the Mets' Bill Wakefield on July 18 and off Philadelphia's Dennis Bennett July 25.

Winning pitcher Roger Craig collected his only other Series triumph while pitching for the Brooklyn Dodgers against the Yanks in the fifth game of the 1955 classic. He started and worked six innings in a 5-3 victory. Two days later, Johnny Podres blanked the Yankees, 2-0 for Brooklyn's first world championship.

Thirty-five years ago today the Philadelphia A's scored 10 runs in the seventh inning to overcome an 8-0 deficit and defeat the Chicago Cubs 10-8 in the fifth Series game.

Dick Groat and Tim Lincecum of the Cards and Bobby Richardson, Elston Howard and Mickey Mantle of the Yanks have hit safely in each of the four games.

The victory boosted the Lions into a first place tie with the Baltimore Colts. The Lions are 3-1-1, the Colts 3-1-0. Ties don't count in NFL standings.

Baltimore plays at St. Louis tonight and would take the lead alone by winning.

Two passes by Morrall, who called the entire game for Detroit, swept the Lions 43 yards for their winning touchdown in the fourth quarter.

One went to Terry Barr for 31 yards and the other to Gail Cogdill for 12 yards and the touchdown, giving Detroit a 24-17 edge. The Vikings then closed to within four points on Fred Cox' 42-yard field goal.

The Vikings had driven 73 yards in 10 plays with the second half kickoff to take a 17-14 lead. Tarkenton passed 23 yards to Flatley for the score.

Walker tied it up with a 24-yard field goal before the third period ended.

Detroit led 14-10 after a fumble-filled first half in which three of the four scoring plays followed bobbles.

The Lions drove 46 yards after Watkins' 57-yard kickoff return for another score. Dan Lewis got the touchdown on a nine-yard sweep to wipe out a 3-0 Viking lead which came on Cox's 32-yard field goal. Carl Eller recovered Morrall's fumble to set up the field goal.

Detroit got the ball at the Minnesota 23 early in the second

## Braves Top Royals For Third Victory

MARQUETTE — Coach Don Pfothauer's Gladstone Braves stepped out of the Great Lakes Conference warfare here Saturday to spill Marquette Bishop Baraga 26-7 in exhibition action.

The triumph put the Braves over the 500 mark for the season with a record of three victories against two defeats and one tie.

Gladstone dominated all phases of the game, rolling for 203 yards on the ground and adding 100 in the air by completing five of eight passes. The Braves had 10 first downs to eight for Coach Fred Boddy's Royals.

The Gladstone running game was a balanced effort with Mike Gobert setting the pace on 50 yards, followed closely

by Brian Martin with 31, Jay Knutsen 32, Bruce Hardwick 30, Steve Erickson 42, Empson and Goodman for a combined 15.

Rick Ebbesen hauled in two passes for 35 yards and a touchdown while Anderson, Gobert and Gereau were on the receiving end of other aerials.

Gobert had a hand in three of the Gladstone scoring plays. He bolted into the end zone from five yards out in the first period, passed 30 yards to Ebbesen in the second and returned a punt 44 yards to paydirt in the third. Knutsen rounded out the scoring game with a 44 yard runback of an intercepted pass in the third quarter. Jim Carlson booted

two of four conversions to close out the point production. Bishop Baraga's touchdown came in the fourth quarter with Pesola scoring on a four yard run.

The game gave Pfothauer a chance to give his reserves a good workout and he called on his bench as early as the second quarter.

Pfothauer was impressed with the defensive work of Balding, Heslip and Potvin.

Aside from their fourth quarter TD, the Royals threatened only once, reaching the Gladstone 20 on a long pass in the first period.

The Braves, who host Mounising Saturday, had four touchdowns wiped out by penalties.

## Ellison Wins Distance Run

MARQUETTE — Bruce Ellison of Gladstone skidded home first in the Upper Peninsula high school cross country run here Saturday, winning the rugged two mile grind in 11 minutes, 17 seconds under extremely adverse weather conditions.

The event was staged on the Marquette Country Club course that was covered with snow, providing a slippery, treacherous surface for the runners.

In the team standings Ishpeming was first with 55 points, with Escanaba the runner-up with 66 and Soo third with 68. Menominee finished fourth with 110 and Gladstone placed fifth with 116 in the field of 10 teams.

Following Ellison across the finish line were Tom McCutchen of Newberry and Gary Vandeville of Escanaba, the winner of the recent Great Lakes Conference run.

Rounding out the Escanaba team were Ray Anderson, Tom Duchaine, Bob Swenson and Rodney Beauchamp.

Completing Gladstone's point winners were Carl Norkooli, Francis Brunette, Harry Gillis and Steve Schram. Also running in the U. P. meet were Phil Peterson and John Lasnoski while Bruce Hawkinson and Jim Reese round out the squad.

Pickford was first in Class C-D with 43 points, followed by DeTour with 58, Cocks 109, Brimley and Rapid River.

See! This really is unbeaten Ohio State's year to pass! Why, Coach Woody Hayes doesn't even get air sick anymore when one of his quarterbacks cocks an arm.

Sharpshooter Don Unverferth is Hayes Exhibit A in his defense against charges of ultra-conservatism. A nationwide television audience can serve as jury Saturday when the Buckeye Big Ten leaders play host to Southern California in an inter-sectional test.

With judicious use of the forward pass, the option threat of the Unverferth rollout and the play execution which has become a Hayes trademark, fourth-ranked Ohio State stunned Illinois' No. 2 forces 26-0 in the big conference showdown this past weekend.

The Bucks threw for more yards than they ran, 130-116, with two completions going to tackle-eligible Jim Davidson. And this is the team where it was once rumored a pass call in the huddle was punishable by benching.

With Ohio State an exception, most football powers get down to grass-roots campaigning this week led by top-ranked Texas, which faces ninth-rated Arkansas. If the Longhorns are to be tackled short of a second straight national title, the Razorbacks are given the best chance to do it.

Texas beat Oklahoma 28-7 for its 15th straight victory while Arkansas downed Baylor 17-6.

Illinois' Rose Bowl champions have a must date with Minnesota, seventh-ranked Michigan is visited by rugged Purdue and surprising Iowa invades Wisconsin in the Big Ten this week.

Alabama, voted third in the most recent poll, knocked off previously unbeaten North Carolina State 21-0 with a little help from ailing Joe Namath and now takes its 3-0 SEC mark against defensively tough Tennessee. Georgia Tech comes off its conquest of Navy to tangle with Auburn, which is minus the services of All-America quarterback Jimmy Side due to a dislocated shoulder.

Unbeaten LSU visits fifth-ranked Kentucky, picking up

the pieces from its 48-6 pasting from Florida State. After handing Ole Miss its second SEC defeat, 30-14, Florida takes on South Carolina.

Other headline conference games list North Carolina State at Duke for the Atlantic Coast lead and West Virginia at Virginia Tech in the Southern.

Syracuse bombed UCLA out of the undefeated-untied class 39-0, stopping national total offense leader Larry Zeno cold. Next for the Orange: Penn State.

Powerful Notre Dame, ranked sixth, moves from its 34-7 victory over Air Force toward a date with the same UCLA Bruins.

Washington, upset victim of Oregon State, now has to beat Stanford to stay alive in the AAUW race.

## Douglas Gets Second Ace This Season

George Douglas scored his second hole in one of the season at the Escanaba Country Club Sunday, dropping his tee shot in the cup on the 120 yard No. 7 hole.

His first hole in one came early in the season on the No. 3 hole.

Douglas was golfing with James Fitzharris and Pro Jim Crichton when he scored his ace.

OUR BOARDING HOUSE with Major Hoople OUT OUR WAY

by J. R. Williams

Bathroom Can Be Colorful

Kitchens and bathrooms are two areas where home-owners can satisfy their desires for bright colors, broad patterns and individual decorating touches.

Striking designs and brilliant hues that might be out of place in other parts of the house are greeted with cries of delight and admiration when displayed in the kitchen and the bathroom. It is there, for instance, where you will find the unusual and off-beat in wall-paper, perfectly acceptable as long as there is a harmonizing note in the over-all motif.

A typical example of what can be done in the bathroom is the application of a new five-foot-wide accent panel of plastic-finished hardboard. Placed on the wall over the tub, one of these panels transforms the wall into any one of nine attractive scenes and designs including a seascape, a mountain view, a desert and Oriental setting.

The murals feature gold-on-white artwork, with gold-anodized moldings. Matching white panels are available for the side walls. The panels can be installed on any solid backing.

First step in the installation process is laying a heavy bead of caulking around the top of the tub, installing edge molding and adding a thick bead of caulking in the molding channel. A notched spreader is used to apply a thin coat of special mastic to the back of the hardboard panel. The mural then is placed in position on the wall, with a certain amount of pressure to assure a strong bond, after which the inside corner moldings are cut and nailed into place.

The end walls are measured, and the white side panels cut to fit. They also are attached to the walls with the mastic. The outside corner moldings are fitted and installed, using a hammer and wood block to tap them into place.

To complete the installation, another thin bead of caulking is laid around the moldings, an extra precaution to insure a water-tight job.

The five-foot-wide mural panels can be obtained at most lumber and building supply yards in either five-foot or six-foot heights.

Soon to challenge the 102-story Empire State Building as the world's tallest building are the two World Trade Center towers being constructed in Manhattan. Completion date for the 110-story buildings is 1970.

GLADSTONE

Lions Club To Sell Lamp Bulbs For Blind Fund

The sale of electric light bulbs that will finance a fund to help children see better will be conducted by the Gladstone Lions Club on Thursday. The proceeds will go to the Lions Club's blind fund to purchase eye glasses for needy children.

The house-to-house calls will be made by the Lions Club members on Thursday evening, Oct. 15. The bulbs will be sold in a package, each containing an assortment of 8 bulbs of various sizes.

The entire membership of the Lions Club will participate in the sale for the benefit of the eye glasses fund, and to bring to each household a supply of lamp bulbs whose purchase will aid a worthy cause.

Briefly Told

Clifford J. Kalishek, of Rte. 1 Gladstone, reported to State Police that he struck and killed a deer Sunday at 8 p.m. on US 2 in Alger County, two miles south of Kiva.

All members of the Gladstone Community 4-H Club and prospective members will meet between 3:30 and 4 p.m. Tuesday at the James T. Jones School to fill out enrollment cards.

Sharon Demeuse, 18, of Rte. 1 Escanaba, reported to State Police that she struck a deer Saturday at 8:15 p.m. while driving on M-355, one half mile south of County Road 446 (Gladstone Golf Course Road).

Earl Aiken, of Cornell, reported to State Police that someone broke into his hunting camp sometime Friday. The camp is located on the Boney Falls Road about one half mile south of Boney Falls. Entry was made by prying open a window, several household items were taken. Investigation is continuing.

State Police ticketed the following motorists for traffic violations: Clifford H. Rodgers, Green Bay, Wis., no registration plates on truck; Gustaf A. Anderson, Rapid River, no driver's license on person; Dennis A. Slaga, Rte. 1 Escanaba, no operator's license; George Nolden, 1421 11th Ave. S. and Richard A. Bolek, 3111st Ave. S., both for speeding.

Richard Hammond, of Gladstone reported to State Police that while he was hunting he noticed a cottage about two miles north of Rapid River Falls Park had been broken into. The cottage is owned by Walter J. Palmer of Portage, Ind. and a window was broken to gain entry. Nothing has been determined as yet. Investigation is continuing.

A car driven by Wesley J. Peterson, 1313 1st Ave. S., Escanaba, received considerable damage at 2:45 p.m. Saturday when it was struck by a E & LS Railroad train car. State Police who investigated said that Peterson was leaving the Mead Paper Corp. parking lot and didn't notice the train moving backwards. The train struck the car on the right side and pushed the vehicle 57 feet down the tracks before stopping. The brakeman on duty said he tried to warn Peterson but wasn't heard. Peterson was not injured.

Hospital

Charles Turan of Rapid River, a patient for 11 weeks at St. Vincent Hospital, Green Bay, with a back injury, has been transferred by ambulance to Pine Haven Nursing Home, Gladstone.

Ambergris today, is used mainly in the manufacture of perfume in the west.

William Kossow Dies On Sunday

William Kossow, 59, of Gladstone Rte. 1, who has been in failing health, died suddenly of a heart attack while visiting a woods work location near his home at 5:40 p.m. Saturday.

Born in Wisconsin on March 25, 1905, he was married in 1934 to the former Elva Fournier. He was employed as a woods worker and was a member of All Saints Church.

Surviving besides Mrs. Kossow are 15 children: Nine sons, William Jr. and Lawrence of Dexter, Mich.; James and Fred of Brampton, Patrick of Watertown, Wis., Michael of Gladstone, Mathew, Timothy and Arthur at home; six daughters, Mrs. Mildred Coster of Brampton, Mrs. Julia Martinson of Gladstone, Esther, Martha, Theres and Betty at home; and eight grandchildren.

Also surviving are a sister, Mrs. Minnie Nelson of Cornell and two brothers, Edward of Rock and Fred, who resides in Florida.

The body is at the Kelley Kelley Funeral Home where friends may call beginning this afternoon, and the rosary will be recited at 8 tonight.

Funeral services will be held at 9 a.m. Tuesday with Mgr. Matt Laviolette officiating. Burial will be in Fernwood Cemetery.

The Escanaba Daily Press has 95 per cent coverage in the City of Escanaba, 94 per cent in the City of Gladstone, 90 per cent in the City of Manistique and 83 per cent throughout Delta County. The Daily Press is a welcome visitor in 10,400 homes daily in a five-county Central Upper Peninsula area. Smart advertisers use the Escanaba Daily Press.

Driver Ticketed By State Police Following Mishap

Rodger D. Richards, 19, of Rte. 1 Gladstone escaped injury Sunday at 12:20 a. m. when his car struck a power pole at the intersection of County Roads 426 and 416 in Escanaba Township.

According to State Police, who investigated, Richards was traveling east on County Road 416 and was unable to negotiate the turn at the T-intersection of County Road 426. The car skidded across the road and struck the pole with the left rear fender. The car was considerably damaged and Richards was ticketed for violation of the basic speed law, too fast for conditions.

Crop Estimates Given For State

WASHINGTON (AP) — The U.S. Department of Agriculture Friday released these estimates for this year's yield per acre and crop production in Michigan:

Corn for grain: 63 and 100-485,000 bushels; all wheat: 40 and 40,720,000 bushels; soybeans for beans: 22 and 8,206,000 bushels; dry beans: 1,150 and 6,854,000 hundredweight; Sugar beets: 16.5 and 1,386,000 tons; apples, 19 million bushels; peaches: 3 million bushels; pears: 2.1 million bushels; fall crop potatoes: 195 and 7.8 million hundredweight.

Matteo Alonzo, an Argentine, designed the statue "Christ of the Andes."

# Varnish Still Favored Finish

AP Newsfeature

The years bring more and more specialized finishing materials for wooden surfaces, but varnish continues to rank high on the list of transparent coverings. Its traditional beauty and durability have been enhanced by modern methods of manufacture.

As with all clear finishes, varnish is the subject of some slight differences of opinion, even among professionals, on the proper manner of application. But there is no argument on one point: the big enemy of varnish is dust. Not after it has hardened, but before and during the applying and drying stages. It is imperative not only that every bit of dust be removed from the surface to be covered, but that the project be undertaken only in a reasonably dust-free room. This is not always possible; if it isn't, you're going to have a very difficult job getting a good result.

Don't varnish in any room or place where any one will be walking until the final coat has thoroughly dried. And if you work in a place which has a concrete floor, such as a basement or garage, wet down the floor completely to prevent dust from arising.

Generally, it is recommended that dust be removed from the wood prior to varnishing with a clean, lintless rag dampened with turpentine. An even better way is to use a vacuum cleaner or one of its attachments.

Remember that varnish, like any clear finish, will darken the wood slightly.

The varnishing should be done in a room or area where the temperature is at least 70 degrees Fahrenheit.

Don't shake or stir the varnish, as this will cause bubbles that will show up when the finish is applied. Use flowing brush strokes in the direction of the grain then cross-stroke against the grain. Finish off by "tipping," which consists of stroking lightly with the tips of the bristles. For this third stroking, the brush should be almost dry.

Glossy varnishes give the toughest surface. Professionals often use the glossy-type varnish, then rub it down to a smooth satin finish. It is possible to buy varnish which gives a rubbed effect without the rubbing. Two or three coats are necessary, sanding lightly between coats and allowing at least 16 hours for each coat to dry before the sanding.

## Drummond Island Gets Telephones

DRUMMOND ISLAND — Phone service for 15 residences and business places go into full operation this week, offering Islanders private phone service to the mainland for the first time.

Linesmen of General Telephone Co. of Michigan are hooking up the new phones as rapidly as possible along a one-and-one-half mile stretch north from the Four Corners to Drummond Settlement. Cost of the new service is around \$9,000, according to Pickford Office Manager Martin Vandergest.

The 15 additional phones are being installed as a part of the company's experiment with a radio link phone system to the island. If successful, the company hopes to extend full telephone service to the central settled portion of the island in 1966.

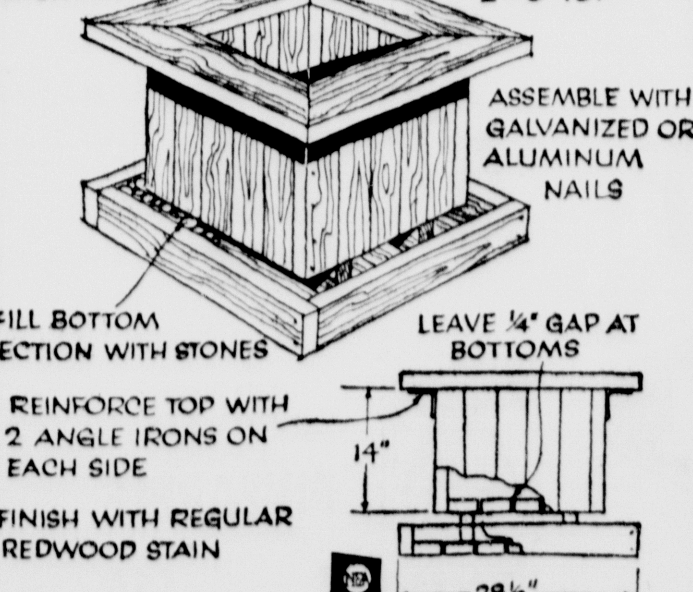

The original radio link system, installed two years ago at a cost of \$12,000, provided for two pay phones on the island, which has around 750 permanent residents.

There are more than 5,000 known species of ants in the world, according to the Encyclopedia Britannica.

### Zeglis

In loving memory of our dear sister and aunt, Anna Zeglis, who passed away one year ago October 12, 1963.

Just when your life was brightest just when your years were best. You were called from this world of sorrow, To a home of eternal rest.

Sadly missed by  
Brothers, Bill & Andy  
& Nieces

## Colorful Roofing Aids In Styling Older Homes

Remodeling a home with color is an art, a science, and a hobby rolled into one.

Housewives find that color styling brings out dormant talents, results in new-found beauty for their homes. No other home project can produce such marked improvements at so little cost.

The approach to color styling must start with the house as it is. First comes an appraisal of obvious faults: is the house drab-looking, too low, too high or too shallow, or just too old-fashioned? Does it need accent to add character, or a harmonizing color to hide defects? What can be done about the problem?

The roof, which usually is the largest unbroken color area, helps set the tone of the entire house. The roof color and material should be chosen first — and with care.

The most popular roofing today, and one that offers the widest range of colors, is asphalt shingles. They are available in pastel shades, white, black, rich forest colors and blends which provide wide flexibility in color schemes.

New heavy-weight asphalt shingles give years of extra service. In addition, their extra thickness provides a deep shadow line.

After the roof color is chosen, select the house body and trim colors.

If the basic shape and proportions of a house are good, they can be emphasized by trim color. If not, it's best to concentrate a strong color at one point, such as the entrance, to draw attention away from architectural flaws.

## County Plans Salary Boost

A budget of \$620,845.26, an increase of \$15,426.97 from the 1964 appropriation, was submitted to the Delta County Board of Supervisors today.

The board convened at 10 a.m., before recessing for the cornerstone laying ceremony at the Delta County jail at 11:30.

Included in the budget was an anticipated deficit of \$13,100.01 from 1964 expenditures and a \$15,000 appropriation for a fire sprinkler system at the Delta Nursing Home.

Most county officials also will receive a boost in salary under the proposed budget, including general increases to secretarial and administrative personnel.

Salary authorization of \$3,800 also was included in the proposed budget for the sheriff's department to hire another deputy.

County Clerk, Treasurer, Sheriff, Prosecuting Attorney and tax department supervisor will receive \$500 a year increase, according to the proposed budget.

Also included was salary authorization of \$3,800 for the sheriff's department to hire a new deputy to handle the increase in duties caused by the new county jail.

Revenue for 1965 was anticipated to total \$632,623.28 based on receipts of \$558,623.28 from the 7.15 mill tax rate on a state equalized valuation of \$78,129,131.00, and \$74,000 in office receipts.

The budget was returned to the Ways and Means Committee for further consideration before action by the entire board.

In other business this morning, the board reappointed Herbert Flath of Escanaba for another term to the County Building Authority and reappointed Earl Paquin of Gladstone to another term on the County Board of Road Commissioners.

Harold J. Vanlerberghe of Escanaba was reappointed as delegate to Upper Peninsula Committee on Area Progress.

## Hart Committee Named For U. P. Campaign Effort

Thirty-five civic, labor and business leaders today announced that they have formed an "Upper Peninsula Committee for the Re-election of Senator Hart".

The announcement came on the eve of Hart's latest campaign tour of the Upper Peninsula, a tour that begins in Ironwood Tuesday morning and ends that night in Houghton.

Prentiss Brown, of St. Ignace, former U.S. Senator and spokesman for the committee, said: "Senator Hart's plan for a Pictured Rocks National Park development is only one of the programs he has pushed to bring new business and job opportunities to this area. He was very instrumental in

## GOP And Demos Share Polish Parade Sunday

(Continued from Page 1)

eral money, granted under the government's Accelerated Public Works program, contributed to Southfield's economic progress. He told apartment residents that his "truth-in-packaging" bill designed to protect consumers was killed with the help of "high pressured" opposition from companies representing more than one billion dollars in annual sales.

Meanwhile, 35 civic, labor and business leaders announced the formation of an "Upper Peninsula Committee for the Re-election of Senator Hart".

Hart will tour the Upper Peninsula Tuesday, visiting Ironwood, Bessemer, Wakefield, Iron River, Crystal Falls and Houghton.

## Mrs. DesJardin Dies Today

Mrs. Phillip (Agnes) DesJardin, 69, of Schaffer, died early this morning at her home after an illness of four years.

Mrs. DesJardin was born April 25, 1895 in Wetmore, Mich., and lived in Perronville and Escanaba for a short time and had lived in Schaffer for the past 36 years. Her marriage to Phillip DesJardin took place June 10, 1912 in St. Anne's Church in Escanaba. She was a member of Sacred Heart Church and the St. Anne's Society.

Survivors include: three sons, Hubert, Chicago; Stafford and John of Bark River; five daughters, Mrs. Michael (Lorraine) Jackson, Chicago; Mrs. Frank (Marcella) Richer, Escanaba; Jeanette DesJardin, Chicago; Mrs. Robert (Delores) Lechner Jr., Paletine, Ill. and Mrs. Gabriel (Patricia) Butterbaugh, Rolling Meadows, Ill.; four sisters, Mrs. Joseph Saul, Mackinac Island; Mrs. Fred Galarno, Mrs. James Cousineau and Mrs. Robert Brebner, all of Escanaba; and 22 grandchildren.

Funeral arrangements are incomplete with the Alto Funeral Home in charge.

bringing more than \$17 million in special economic development programs to the area."

Members of the UP Committee for Hart, listed by counties, include: Delta, Claude Tobin, Escanaba; Marquette, Negaunee, Theodore Mattson and John Voelker, Ishpeming; Dominick Jacobetti, Ernest Romm and Jack Powell, Negaunee; Menominee, Carl Hansen, Wallace; Frank Rodman, Hermansville and Roy DeGanyer, Menominee; Mackinac, Prentiss M. Brown, Sr., Prentiss M. Brown Jr., and Richard E. Dacies, St. Ignace; Luce, Joseph Rahilly, Newberry.

The large fresh-water snail, *potamocorbula caliginosa*, is found only in the shallows of permanent fresh-water marshes.

## John J. Henry Taken By Death

John J. Henry, 78, of 418 S. 13th St., died in Detroit late Sunday evening. He was a lifelong resident of this city and was born here on March 27, 1886.

For the past three weeks he had resided with a daughter, Mrs. Neil (Ruth) LaFave of Detroit. Mr. Henry was a member of St. Joseph's Church.

A former employee of the Shepeke Dimension Co., he had retired 13 years ago. Mrs. Henry died in January of this year.

Surviving is a son, Robert, of Oconto, Wis.; two daughters, Mrs. LaFave of Detroit and Miss Mary Jane Henry, Chicago; three sisters, Mrs. Joseph Rademacher, Mrs. Dalio Rehnquist and Mrs. Joseph Paquette of Escanaba and eight grandchildren and seven great grandchildren.

Friends may call at the Alto Funeral Home in Escanaba from 3 to 9:30 p.m. Wednesday, and parish prayers will be recited there at 8 p.m. Wednesday.

Funeral services will be held at St. Joseph's Church at 9 a.m. Thursday with the Rev. Jordan Telles, O. F. M. officiating and burial will be in Holy Cross Cemetery.

## Johnson Says Barry's Running Vs. Presidency

(Continued from Page 1)

exactly nonpolitical, in Long Beach and San Francisco, Calif. Big crowds were the rule along the way, especially in the Long Beach area, where the curbside throng probably was as large as any Johnson has seen during the campaign.

Goldwater Signs

But if the President saw more people, he also saw more Goldwater signs. There were more in Long Beach alone than in all the other cities Johnson has visited on his vote-seeking travels.

During Johnson's formal speech a few miles from Long Beach Goldwater partisans tried to blot out his words with "We want Barry" chants. But they were no match for the public address system at Johnson's disposal.

The Phoenix crowd was a big one, too, and Johnson had an intimate encounter with a Goldwater placard. One held by a young man struck his hat. Johnson said it was an accident. Some other witnesses weren't sure.

Two anonymous telephone calls warning that the President's life was in danger kept Secret Service men watchful during his visit to the Long Beach area.

All through the West, Johnson has talked about keeping the peace, maintaining prosperity, showing compassion in social programs, and promoting frugality in government.

Col. Smolen

## Kidnaped U.S. Airman Hunted

CARACAS, Venezuela (AP) — A force of 3,000 police and National Guardsmen pressed the search today for the deputy chief of the U.S. Air Force mission to Venezuela who was kidnaped by Communist terrorists.

A caller identifying himself as a leader of the outlawed pro-Castroite Armed Forces of National Liberation (FALN) said the terrorists would try Lt. Col. Michael Smolen before a secret tribunal on charges of interfering in Venezuelan affairs.

Worried officials conceded they had no clues in the abduction of the 45-year-old Chandler, Ariz., officer from in front of his home by five armed terrorists.

Identifying himself as Commandante Tulio of the FALN, the caller said the kidnaping was in reprisal for a military crackdown on the FALN guerrillas.

A FALN statement labeled the abduction "Operation Viet Cong." This was a reference to the FALN's previous explanation that it was holding Smolen hostage for a condemned Communist terrorist in South Viet Nam.

Smolen's wife, Marian, of Rockford, Ill., issued a statement saying she "clings to the hope that no harm will come to my husband." Earlier the Smolen family got a call from another self-described FALN spokesman who said the colonel was safe and unhurt.

## Rock 4-H Club Is Meeting Wednesday Night

ROCK — The Rock 4-H club will meet Wednesday, Oct. 14, at 7 p.m. at the Lions club house for a monthly business session. Officers for the coming year will be elected. Ribbons and certificates for the summer projects will be given to the summer members. The personal improvement members will put on demonstrations on what they have learned during the past month. They are also reminded that their report sheets are due at this meeting.

There will be further discussion on winter projects. Any boy or girl who will be ten years old by Sept. 30, 1965 may join at this time. A special invitation is extended to the boys in this area to join the 4-H. Any interested young people and parents are welcome to come to the meeting.

The knitting group will meet Wednesday, Oct. 14, right after school at the home of Mrs. Arnold Sayen for the first lesson. All those interested in knitting are to take yarn and needles to the first meeting.

Mrs. Ahti Waak, Mrs. Albert Weldum and Nancy attended the Garden 4-H meeting Thursday evening. Nancy gave her demonstration on photography.

Mrs. Weldum, Mrs. Waak and Mrs. Lawrence Wilcox attended the fall leaders meeting at the County building Wednesday evening.

## Honor

SEOUL (AP)—Gen. Hamilton H. Howze, commander of United States and United Nations forces in Korea, was awarded an honorary doctor of law degree today from Chungang University in Seoul.

## Chicago Prices

## Death Comes To Mrs. Meshigaud

Mrs. Elizabeth Meshigaud, 76, of Harris, died today at 5 a.m. in St. Joseph Lloyd Hospital in Menominee where she had been a patient for three weeks.

The former Elizabeth Simon was born May 10, 1888 in Bay Shore, Mich., and moved to Ensign with her parents in her early youth. She came to Harris in 1917. She was the widow of the late Isaac Meshigaud. She was a member of St. George's Church in Bark River.

Survivors include: one son, Amos; two daughters, Mrs. Henry Philemon and Mrs. Herman Megenuph, all of Harris, 14 grandchildren and two great grandchildren.

Friends may call at the Boyle Funeral Home after 2 p.m. on Wednesday. The parish rosary will be said at 8 p.m. that day. Funeral services will be conducted Thursday at 9:30 a.m. at St. George's Church with Rt. Rev. Msgr. J. J. Dunleavy officiating. Burial will be in the Hannahville Cemetery.

## Rowdy British Election Stars Shout In Din

(Continued from Page 1)

dy if vital issues are muffled by noise," Wilson said.

"It Must Stop"

Douglas-Horne said ordinary heckling — the give-and-take between a speaker and some member of the audience — is traditional and has a place in British politics. But rowdy behavior is something else again, he said. "It must stop."

No one knows why the mood has changed. One newspaper writer said: "Suddenly it's like the night the fox got in the henhouse and dad was too drunk to find his gun."

For election purposes Britain is divided into 630 districts, each averaging about 50,000 voters and each sending one member to the House. The districts have their rival Conservative and Labor party headquarters and sometimes a Liberal party one as well.

It is in these local headquarters that the grass roots work is done. There is something surprisingly similar about all of them — a paint peeled atmosphere, a mixture of discomfort, undying optimism and tea.

## Joseph Rodman Wins MSU Grant

Joseph Rodman, Escanaba, first year student at Michigan State University, has been awarded a State of Michigan competitive scholarship.

Joseph, son of Mrs. Lucille Rodman, 1109 3rd Ave. S., was graduated from Holy Name High School last June. He received the Michigan State scholarship at that time and also was Rotary Club award winner.

## VFW Auxiliary Sponsors Contest

The Escanaba Veterans of Foreign Wars Auxiliary announces a \$2,500 prize national essay contest on the theme "In Education Rests the Future of America." VFW Americanism Chairman Joyce Johnson, Phone ST 6-6055, has details of the contest, open to all students 16 through 19 years of age. Essays must be 300 words or less and must be in by March 15, 1965.

## Briefly Told

Maureen Pryal, 9, of 522 S. 9th St., was bitten and scratched by a cat on Sunday, it was reported to police. E. C. Hendricks, 906 2nd Ave. S., owner of the cat, was ordered to keep the animal confined for 10 days for rabies observation.

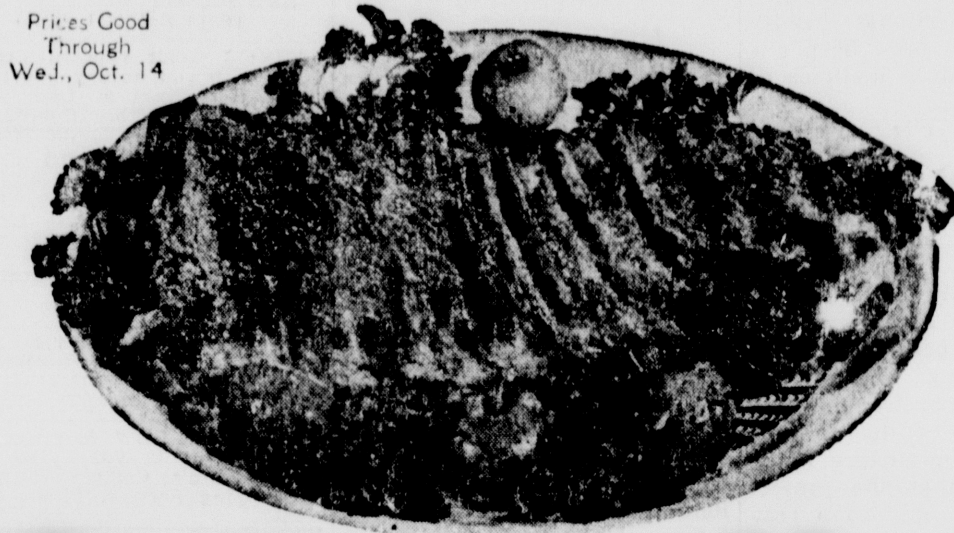

Escanaba police have issued traffic court tickets to Donald Pickett, Escanaba, improper turn; Joseph P. Scott, Gladstone Rte. 1, defective muffler; Terry L. Vanlerberghe, 1921 5th Ave. S., speeding; and to Richard A. Johnson, 1514 1st Ave. S., no operator's license on person.

John Baltrausatis, 22, of Rapid River Rte. 1, arrested for having a loaded rifle in an automobile in Masonville Township pleaded guilty in Justice Ross Davis court at Gladstone and paid a fine of \$10 and costs of \$7.30. He was arrested on Friday by State Police of the Gladstone post and was turned over to Conservation officers.

William J. Taylor, 27, of Cornell Rte. 1, arrested by Conservation officers in Ensign Township on Saturday pleaded guilty to a charge of having a high powered rifle in an area frequented by deer at an illegal hour and paid a fine of \$25 and costs of \$7.30 in Justice Ross Davis' court at Gladstone.
